Review Reminder for Magento 2 User Guide

The Review Reminder for Magento 2 Extension by Elsner Technologies enables store owners to send automated email reminders to customers who have purchased products, encouraging them to leave reviews. This extension enhances customer engagement, builds trust, and improves SEO by increasing product reviews. It allows segmentation by store views and customer groups, with customizable rules and conditions to target specific products or customers, ensuring timely and relevant reminders.

Installation

1. Download: Purchase the Review Reminder for Magento 2 Extension from Elsner Technologies.
2. Upload: Unzip the downloaded file and upload it to app/code/ Elsner tech / Review Reminder in your Magento 2 root directory.
3. Run Commands:
 - php bin/magento setup: upgrade
 - php bin/magento setup: di: compile
 - php bin/magento cache: clean
 - Verify: Check Stores > Configuration > Elsner tech > Review Reminder in the Admin Panel.

Configuration

Access settings via in Admin Panel Named Review and Remainders

General Settings

- Enable: Select Yes to activate or No to disable the extension.
- Sender Email: Choose the sender email identity for reminder emails (e.g., “General Contact” or “Sales”).
- Email Template: Select or customize an email template for review reminders.
- Reminder Delay: Set the number of days after purchase to send the first reminder (e.g., 7 days).
- Maximum Reminders: Specify the maximum number of reminders per order (e.g., 3).

Rule Settings

- Store Views: Select specific store views to send reminders (e.g., Main Store, French Store).
- Customer Groups: Choose customer groups to target (e.g., General, Wholesale).
- Product Conditions: Define conditions for products (e.g., product type, category, or attributes like “New Arrivals”).
- Cart Conditions: Set conditions based on cart details (e.g., total order value or specific SKUs).

Advanced Settings

- Debug Mode: Select Yes to enable logs in var/log/elsner_reviewreminder.log for troubleshooting.
- Cron Job: Ensure Magento cron is configured to automate reminder emails.
- Cancel Reminders: Enable automatic cancellation of reminders if a customer has already submitted a review for the product.
- Save: Click Save Config and refresh caches in System > Cache Management.
