Product Usage Instructions

1. **Step 1: Unboxing**

   When you receive the product, carefully unbox it and ensure that all the components are included:

   1. Product itself
   2. User manual
   3. Power cable
   4. Accessories (if any)

3. **Step 2: Initial Setup**

   To set up the product for the first time, follow these steps:

   1. Connect the power cable to the product and plug it into a power outlet.
   2. Refer to the user manual for specific instructions on connecting any additional devices or accessories.
   3. Turn on the product using the power button.
   4. Follow the on-screen prompts or instructions provided in the user manual to complete the initial setup process.

5. **Step 3: Product Operation**

   Once the initial setup is complete, you can start using the product:

   1. If applicable, adjust any settings or preferences according to your needs.
   2. Refer to the user manual for detailed instructions on how to operate the product.
   3. If you encounter any issues or have questions about the product usage, refer to the FAQ section below or contact our customer support team.
