emerald AC Link Smart Thermostat

Product Usage Instructions

- Download the Emerald App and follow the in-app steps to connect your device.
- Position the device within 10m of your air conditioner in a clear line of sight, on a table or wall using the supplied fittings, and plug it in.
- The device automatically switches your air conditioner off when the last person leaves or turns on during off-peak times to save on bills.
- If you need more help, scan for user guides, video tutorials, and customer support at **emerald.com.au/support**.
- For best performance, ensure an unobstructed signal between the device and the air conditioner.
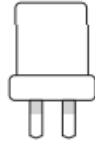

FAQ

- **Q**: Where can I find additional mounting options for the device?
- **A:** Additional mounting options can be found at **emerald.com.au/aclink**
