IC STATEMENT

CAN ICES-3 (B)/NMB-3 (B)

This Class B digital apparatus complies with Canadian ICES-003.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device

For projectors only

The distance between user and products should be no less than 20cm

5.2 GHz band is restricted to indoor use only.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

We declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU.

Satisfies all the technical regulations applicable to the product within the scope of UK Radio Equipment Regulations (SI 2017/1206); UK Electrical Equipment (Safety) Regulations (SI 2016/1101); and UK Electromagnetic Compatibility Regulations (SI 2016/1091).

This device operating frequency:2402-2480MHz(EIRP 20dBm),2412-2472MHz(EIRP 20dBm),5150~5250MHz(EIRP 23dBm), 5250~5350MHz(EIRP 20dBm),5470~5725MHz(EIRP 27dBm),5725~5850MHz(EIRP 13.98dBm)

Important Precautions

- Do not look directly at the projection beam with your eyes, because the strong beam may harm your eyes.
- Do not block or cover the heat dissipation holes of the device to avoid affecting the heat dissipation of internal parts and damaging the device.
- Keep away from humidity, exposure, high temperature, low pressure, and magnetic environment.

- Do not place the device in areas susceptible to excessive dust and dirt.
- Put the device to the flat and stable station, do not put it to the place prone to vibration.
- Please use correct type of battery for the remote control.
- Only use attachments/accessories specified or provided by the manufacturer.(such as the exclusive supply adapter, bracket etc.)
- Do not disassemble the device personally, repair the device only staff authorized by the company.
- Place and use the device in an environment of 0°C-40°C.
- Do not use the earphones for a long time. Excessive sound from the earphones can damage your hearing.
- The plug considered as disconnect device of adapter.
- As with any bright source, do not stare into the direct beam.
- The adapter shall be installed near the equipment and shall be easily accessible.
