**Enido little-9 Flickering Flameless Candles** 

Launch Date: April 19, 2023

**Price:** \$22.99

#### Introduction

The Enido Little-9 Flickering Flameless Candles are a stylish and safe option to regular candles. They let you enjoy the warm atmosphere of flickering candlelight without the risks that come with it. These LED candles are made from high-quality plastic and have a flashing effect that looks like the soft dance of a flame. They make any room feel more cozy. Each set has nine candles of different heights that can be used to decorate mantels, tables, and other places. You can easily operate the candle by using the remote control to change the modes and set the brightness from a distance. These candles are made to be used inside and are great for decorating, special events, or just because. They have a system that saves energy, so the battery lasts longer and the glow lasts longer. Because the candles are water-resistant, you can use them in a variety of places without worrying about damage. You can relax and enjoy your surroundings without worrying about fire because there are no flames. This makes it safe for kids and pets. The Enido Little-9 candles add a bit of warmth and elegance to any event, whether it's a party or a quiet night at home.

#### **Features**

#### Realistic Flickering Effect

The Enido flameless candles are designed to replicate the appearance of real flames, providing an authentic look and feel. When set to "Candle Mode," the LED flame flickers rhythmically, mimicking the natural movement

of a candle flame. This feature creates a warm and inviting atmosphere, perfect for setting the mood during special occasions or everyday use.

#### Safe and Non-Toxic

These candles eliminate the risks associated with traditional candles, such as fire hazards and smoke. Made from high-quality materials, the Enido Little-9 candles are entirely safe for use around children and pets, allowing you to enjoy the ambiance of candlelight without any concerns.

#### Versatile Usage

Ideal for a variety of settings, these flameless candles enhance home decor, adding elegance to dining tables, mantels, and other spaces. They are perfect for special events like weddings, Christmas celebrations, Halloween parties, or for creating a cozy environment in bars and restaurants.

#### Remote Control (if applicable)

Included with the candles is a user-friendly 10-key remote control, allowing you to easily operate the candles from a distance. You can turn them on or off, adjust the brightness, and switch between light modes (static or flickering), enhancing convenience and usability.

# Multiple Sizes

The Enido Little-9 set includes candles of varying heights (5", 6", and 7"), which adds visual interest and dimension to your decor. This variety allows you to create beautiful arrangements or use them individually in different settings.

# Energy Efficient

These flameless candles are designed for long-lasting use, boasting an impressive battery life of up to 500+hours with premium batteries (2 AA batteries, not included). This efficiency reduces the frequency of battery

replacements, making them a cost-effective choice for long-term use.

#### Realistic 3D Wicks and Warm Yellow Light

Featuring realistic 3D wicks that flicker naturally, these candles create a lifelike ambiance. The warm yellow light enhances the romantic atmosphere, making them ideal for cozy evenings, intimate dinners, or festive gatherings.

#### Upgraded Design for Authenticity

Constructed from high-quality plastic instead of traditional wax, the Enido flameless candles offer improved safety and light transmission. This innovative design ensures that the candles maintain their appearance without the risk of melting wax, allowing for hassle-free clean-up and maintenance.

#### Durable & Safe

Designed to withstand being knocked over, these candles ensure easy clean-up and continued use. Their durable construction means you can use them freely without worrying about damage, while the flameless feature keeps your home safe from fire hazards.

#### • Remote Control & Automatic Timer

Control your candles effortlessly with the included remote after turning them on via the master switch located at the bottom. You can set your preferred brightness and flickering mode, and use the automatic loop timer to turn them on and off at the same time each day, ensuring consistent ambiance without daily manual operation.

#### **Usage**

- 1. Insert Batteries: Open the base of each candle and insert the required batteries (if applicable).
- 2. Turn On: Use the switch on the bottom or the remote control (if included) to turn the candles on.
- 3. Placement: Position the candles on tables, shelves, or any surface to enhance your decor.
- 4. **Setting the Mood:** Utilize the flickering feature to create a warm and inviting atmosphere.

#### **Care and Maintenance**

- **Dusting:** Wipe the surface of the candles with a soft, dry cloth to remove dust.
- Battery Replacement: Replace batteries as needed to ensure optimal performance.
- Storage: Store in a cool, dry place when not in use to prolong the lifespan of the candles.

# **Troubleshooting**

Issue	Possible Cause	Solution
Candle does not turn on	Dead or improperly installed bat teries	Check and replace batteries; reinstall correctly
Flickering is too fast/slow	Battery issues or malfunction	Replace batteries; check for damage
Remote control not working	Dead remote batteries or distance	Replace remote batteries; reduce distance
Uneven flickering effect	Dust or obstruction on the senso r	Clean the candle and sensor area
Candle appears damaged	Impact or excessive heat	Avoid placing near heat sources; store properly
Timer not functioning	Incorrect settings or battery issu e	Reset timer settings and check batteries
Light intensity is too dim	Low battery power	Replace batteries for optimal brightness
The automatic timer does not cycle	The timer feature not activated	Ensure the timer is set correctly; check the r emote

# **Pros and Cons**

#### Pros:

- · Safe alternative to traditional candles.
- The realistic flickering effect enhances the ambiance.
- Convenient remote control operation with timer settings.
- Waterproof design suitable for outdoor use.

#### Cons:

- Requires battery replacements over time.
- Limited brightness compared to real candles in some settings.
