# EOSYJAY

**EOSYJAY QY120 Rechargeable USB Long Lighter**

**Priced:** \$29.99

**Launch** on April 1, 2024

## Introduction

The EOSYJAY QY120 Rechargeable USB Long Lighter is a smart light that can do a lot of different things. Because it has a long neck and a sleek look, this lighter is safe and easy to use, even in small spaces. It charges through USB, which is eco-friendly and gives you a choice that will last longer. Not only can you use it inside or outside, but it's also made to work without a light and when it's windy. This lighter is built to last, so it will work well for a long time. Bring it with you at all times. It puts its users' safety first by having a kid lock and an emergency shut-off, among other safety features. This lighter works for lighters, gas stoves and grills. It has an LED light that tells you how much power it has. Its neck can be bent in any direction, which lets you get into tight areas and makes the light better. This lighter is safe in every way, from how it's built to how it works. People who use it can be sure it is safe. The EOSYJAY QY120 Rechargeable USB Long Lighter is a handy tool that is also eco-friendly and simple to use.

## Specifications

- **Brand:** EOSYJAY
- **Item Model Number:** QY120
- **Color:** Black & Rose Gold
- **Style:** Modern

- **Fuel Type:** Electric
- **Product Dimensions:** 11 inches in length, 1 inch in width, and 2 inches in thickness
- **Item Weight:** 5.3 ounces

## Package Content

- 1 x EOSYJAY QY120 Rechargeable USB Long Lighter
- 2 USB charging cables
- 1 x User Manual

## Features

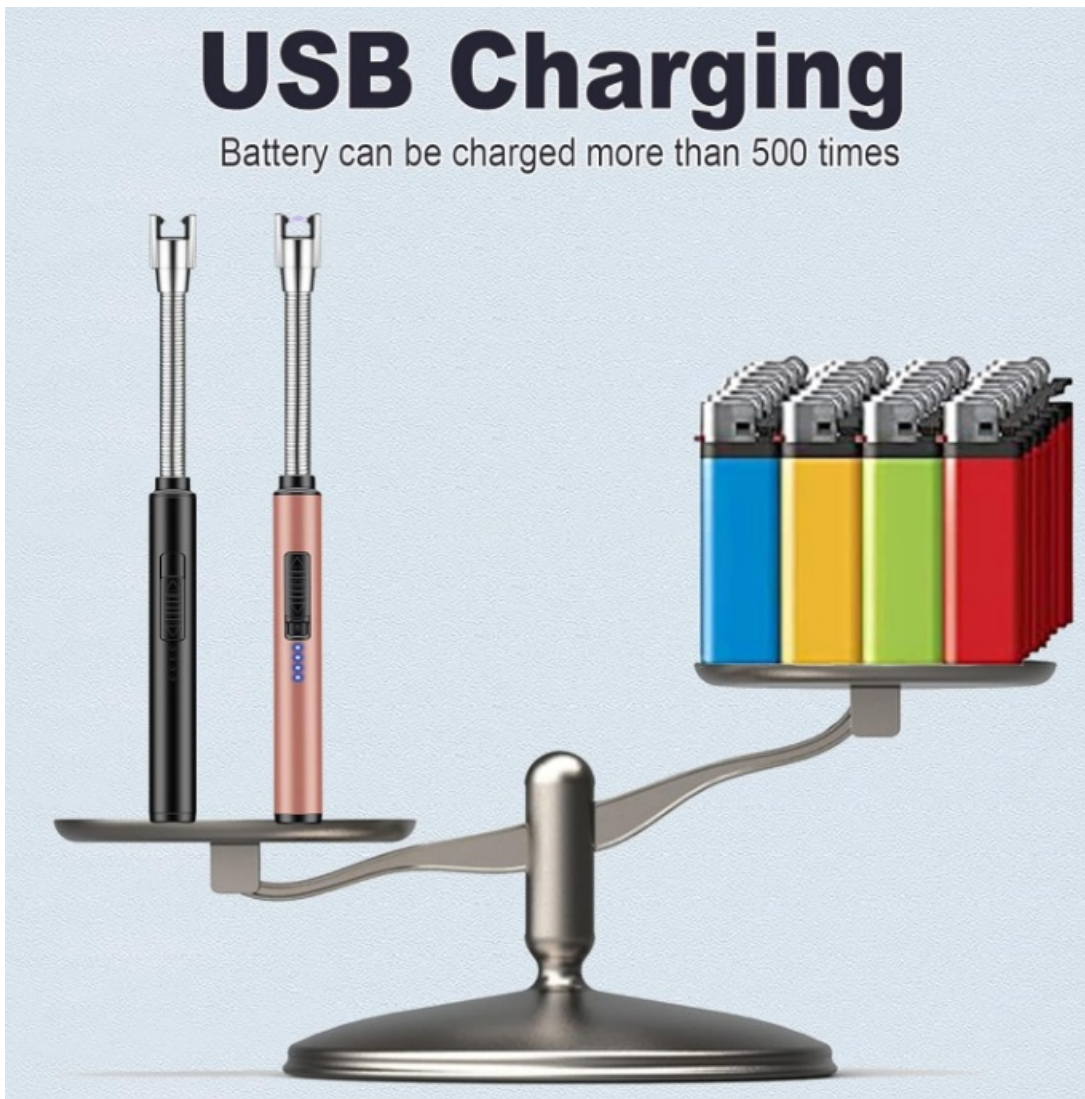

1. **Long Neck Design:** The EOSYJAY QY120 boasts a long-neck design, ensuring safe and convenient lighting even in hard-to-reach areas.
2. **USB Rechargeable:** Eco-conscious users will appreciate its USB rechargeable functionality, reducing waste from disposable lighters.

# USB Charging

Battery can be charged more than 500 times

3. **Windproof and Flameless:** Designed to withstand windy conditions and operate without a traditional flame, making it suitable for various environments.
4. **Durable Construction:** Crafted with high-quality materials, this lighter ensures long-lasting performance, providing reliability for your lighting needs.
5. **Sleek and Compact:** Its sleek and compact design allows for easy storage and portability, making it an ideal companion for outdoor activities and everyday use.
6. **Multiple Safety Features:** Equipped with a child-lock mechanism and automatic shut-off feature, ensuring safety during operation.
7. **LED Indicator:** The LED indicator light provides battery status, allowing users to know when it's time to recharge.
8. **Upgrade Electric Candle Lighter:** With its windproof and splashproof design, this lighter is perfect for outdoor use, including grilling and camping trips.
9. **360° Long Flexible Neck:** The 360-degree rotating design enables access to tight spaces, perfect for lighting deep candles, gas stoves, fireworks, and more.
10. **Multiple Safety Protections:** Features a safety lock mechanism to prevent accidental activation, and the electric arc automatically turns off after 7 seconds of use.
11. **Stringent Safety Standards:** Each lighter has undergone more than 50 individual safety inspections to ensure it meets high standards for performance and security.

## Usage

1. Charge the lighter using the provided USB cable until the LED indicator shows a full charge.
2. Press the power button to activate the lighter.
3. Extend the long neck and position the heating element close to the object you want to light.
4. Press the ignition button to produce a flameless arc for ignition.
5. After use, retract the long neck and turn off the lighter to conserve battery life.

Care and Maintenance

- Keep the lighter clean by wiping it with a soft, dry cloth.
- Avoid exposing the lighter to water or other liquids.
- Store the lighter in a cool, dry place away from direct sunlight and extreme temperatures.
- Regularly inspect the USB charging port for any debris or damage.
- If the lighter is not in use for an extended period, ensure it is fully charged before storing it.

Troubleshooting

| Issue                                 | Solution   |
|---------------------------------------|--|
| Lighter does not produce an arc       | 1. Ensure the lighter is fully charged.  |
|                                       | 2. Press the power button firmly to activate the lighter.                                    |
|                                       | 3. Check if the safety lock is engaged, and unlock if necessary.                             |
|                                       | 4. If the LED indicator does not light up, try using a different USB cable or charging port. |
| Lighter becomes hot during use        | 1. Allow the lighter to cool down before using it again.                                     |
|                                       | 2. Avoid prolonged use to prevent overheating.   |
| LED indicator does not light up       | 1. Make sure the lighter is properly connected to the USB charging cable.                    |
|                                       | 2. Try using a different USB cable or charging port.   |
|                                       | 3. Check for any debris or damage in the charging port.                                      |
|                                       | 4. If the issue persists, contact customer support for assistance.                           |
| Arc turns off automatically after use | 1. Check if the safety lock is engaged, and unlock if necessary.                             |
|                                       | 2. Ensure that the lighter is fully charged.   |
|                                       | 3. If the issue persists, there may be a fault in the lighter’s circuitry. Contact support.  |
| Lighter does not hold a charge        | 1. Ensure the USB charging cable is properly connected to the lighter and power source.      |
|                                       | 2. Try using a different USB cable or charging port.   |
|                                       | 3. If the issue persists, the battery may need replacement. Contact customer support.        |
