Specifications:

- Product Name: EMBER PS Smart Programmer Systems
- Control Options: Smart Control via smartphone or tablet
- Compatibility: Supports up to 16 zones
- Components: Wireless RF programmers, thermostats, WiFi gateway

Product Usage Instructions:

1. Installation:

Follow the pack guide provided to select the appropriate EMBER PS pack for your installation needs. Ensure all components are included in the pack before beginning the installation process.

2. Setup:

Download the EMBER PS mobile app on your smartphone or tablet from the respective app store. Follow the app's instructions to set up an account and connect the devices to the WiFi gateway.

3. Programming:

Use the mobile app to program and control the heating system.
Set schedules, adjust temperatures, and manage zones as needed directly from your device.

4. Troubleshooting:

If you encounter any issues with connectivity or programming, refer to the user manual for troubleshooting steps. You can also contact EPH Controls customer support for assistance.

FAQ:

Q: How many zones can the EMBER PS system control?

A: The EMBER PS system can control up to 16 zones in a home, allowing for customized heating control in different areas.

Q: Can I access and control the system remotely?

A: Yes, you can control the EMBER PS system remotely using the mobile app on your smartphone or tablet, providing convenience and flexibility.
