The EPOS logo, consisting of the letters 'EPOS' in a bold, sans-serif font, with the 'O' stylized as a circle.

EPOS Collaboration Bar Remote Controller

Important safety instructions

- Read the instruction manual, safety guide, quick guide (as supplied) carefully and completely before using the product.
- Always include this safety guide when passing the product on to third parties.
- Do not use an obviously defective product.
- Only use the product in environments where wireless transmission is permitted.
- Before putting the products into operation, please observe the respective country-specific regulations!

Preventing damage to health and accidents

- Do not expose the product directly to moist or water in order to avoid risk of short-circuitry.
- Do not listen at high volume levels for long periods of time to prevent hearing damage.
- The product generates stronger permanent magnetic fields that could cause interference with cardiac pacemakers, implanted defibrillators (ICDs) and other implants. Always maintain a distance of at least 3.94"/10 cm between the product component containing the magnet and the cardiac pacemaker, implanted defibrillator, or other implant.
- Keep the product, accessories and packaging parts out of reach of children and pets to prevent accidents and choking hazards.

Preventing damage to the product and malfunctions

- Ensure ventilation! The product generates heat which is dissipated through the housing. Install the product according to the supplied instructions.
- Use only on shelves, racks or tables that can safely support the weight of the product (see instruction manual).
- Always keep the product dry and do not expose it to extreme temperatures (hairdryer, heater, extended exposure to sunlight, etc.) to avoid corrosion or deformation.
- Use only attachments/ accessories/ spare parts supplied or recommended by DSEA.

- Only clean the product with a soft, dry cloth.
- Protect product against chemicals in cosmetics, hair spray, perfume, aftershave lotion, suntan lotion and insect repellent as they can damage your product.

In case a power supply is provided

- Unplug the power supply unit from the wall socket,
 - to completely disconnect the product from the power supply system,
 - during lightning storms or
 - when not using the product for long periods of time.
- Always ensure that the power supply unit is
 - in a safe operating condition and easily accessible,
 - properly plugged into the wall socket,
 - only operated within the permissible temperature range (see Specifications),
 - not covered or exposed to direct sunlight for longer periods of time in order to prevent heat accumulation.
- Use only power supply units provided or recommended by DSEA.

Safety instructions for batteries

Use AAA alkaline batteries for the remote controller.

Do not expose cells or batteries to heat or fire. Avoid storage in direct sunlight.

Do not attempt to recharge the non-rechargeable batteries.

Intended use/Liability

This product is suitable for use in offices, home offices or mobile offices.

It is considered improper use when this product is used for any application not mentioned in the associated product guides.

DSEA is not liable for damage arising from abuse or misuse of this product and its accessories.

Refer all servicing to qualified service personnel. Servicing is required when the product has been damaged in any way.

Manufacturer Declarations

Warranty

DSEA A/S gives a warranty of 24 months on these products. For the current warranty conditions, please visit our website at www.eposaudio.com or contact your DSEA partner.

FOR AUSTRALIA ONLY

DSEA goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled

to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

This warranty is in addition to other rights or remedies under law. Nothing in this warranty excludes, limits or modifies any liability of DSEA which is imposed by law, or limits or modifies any remedy available to the consumer which is granted by law.

To make a claim under this warranty, contact

Demant Sound Australia Pty Ltd

Service, Level 4, Building B

11 Talavera Road

Macquarie Park

NSW Australia 2113.

Phone: +61744103360

E-mail: help@eposaudio.com

All expenses of claiming the warranty will be borne by the person making the claim. The DSEA International Warranty is provided by Demant Sound Australia Pty Ltd, Service, Level 4, Building B, 11 Talavera Road, Macquarie Park, NSW Australia 2113.

Notes on disposal

The symbol of the crossed-out wheeled bin on the product, the battery/rechargeable battery and/or the packaging indicates that these products must not be disposed of with normal household waste, but must be disposed of separately at the end of their operational lifetime. For packaging disposal, please observe the legal regulations on waste segregation applicable in your country.

Further information on the recycling of these products can be obtained from your municipal administration, from the municipal collection points, or from your DSEA partner.

The separate collection of waste electrical and electronic equipment, batteries/rechargeable batteries and packagings is used to promote the reuse and recycling and to prevent negative effects caused by e.g. potentially hazardous substances contained in these products. Herewith you make an important contribution to the protection of the environment and public health.

EU Declaration of Conformity

Hereby, DSEA A/S declares that the radio equipment is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address:

www.eposaudio.com.
