Structural Component Description

Technical Specification

Products NO.	H2-IN-1-BK
Button mode	Touch-Key

Bluetooth Version	Bluetooth 5.0+EDR
Support agreement	A2DP AVRCP HFP HSP
Transmission frequency	2.40GHz~2.48GHz
Headset speaker	16±15%Ω
Sensitivity	91±3dB/1KHz
Frequency response	20Hz~20KHz
Operation range	10m
Headset Play time	5h Maximum volume
Talk time	5h
Headset Charging time	≤2h

Headset Battery capacity	3.7V/40mAh Li-Polymer
Base Charging	DC5V/500mA
Base Battery capacity	3.7V/500mAh
Speaker Rated power	3W
Speaker box Play time	3-4h
Dimension	92*46*35mm

FCC Statment

Federal Communications Commission (FCC) Statement. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received,

including interference that may cause undesired operation. **Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by EPSILON **ELECTRONICS, INC** may void the FCC authorization to operate this device. **Note:** The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF exposure statement:
This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.
