EPSON DS-C480W Wireless Compact Desktop Document Scanner

Product Information

The DS-C480W is a scanner designed by Epson. It is a versatile scanner that can scan various types of documents, including letter- or A4-size originals, receipts, business cards, large folded originals (such as tabloid or A3), long paper, booklets, I.D. cards, passports, and envelopes.
It features a vertical path position and a straight path position for scanning different types of originals. The scanner has an LCD screen that displays icons and instructions for easy navigation.
For detailed information on loading and scanning originals, setting up presets, and using Epson ConnectTM, please refer to the online User's Guide.

Requirements

An internet connection is required to obtain the product software. Make sure you have a stable internet connection before proceeding with the installation.

Installation

1. Visit Epson's support site listed below to download the Drivers and Utilities Combo Package:

   http://epson.com/support/dsc480w (U.S.) or **http://epson.ca/support/dsc480w** (Canada).
2. Double-click the downloaded file to install the software.
3. Follow the on-screen instructions to set up the connection.

Product Usage Instructions

Scanning Letter- or A4-size originals, receipts, and business cards:

1. Check the icon on the LCD screen.
2. If the icon indicates the vertical path position, move the back of the scanner to the right and tilt the scanner forward.
3. Load the original faceup and align the top edge first.
4. Slide the edge guides against the original to hold it in place.

5. Select "Computer" on the LCD screen.
6. Select a job and press the Start icon to initiate the scan.

Scanning large folded originals, long paper, booklets, I.D. cards, passports, and envelopes:

1. Check the icon on the LCD screen.
2. If the icon indicates the straight path position, move the back of the scanner to the right and tilt the scanner backward.
3. Place the original on the scanner with the top edge facing you.
4. Select "Computer" on the LCD screen.
5. Select a job and press the Start icon to initiate the scan.

For further assistance with software usage, consult the software's Help or ? button. You can also refer to the User's Guide by double-clicking the icon on your desktop (or in the Applications/Epson Software/Guide folder on a Mac).
If you require technical support or have any questions, you can visit Epson's support website or contact their support representatives via phone during their working hours.
