ergotron®

**ergotron WorkFit C Single LCD Mount**

## Product Information

The product is an ergonomic device designed to provide adjustable height and positioning for various items. It includes Constant Force™ Technology, which ensures smooth and effortless movement. The product is manufactured by Ergotron.

## Hazard Symbols

The user manual includes hazard symbols that alert users to safety conditions that require attention. These symbols indicate safety hazards that may be encountered while using the product or reading the documentation. It is important for users, especially children, to recognize and respond appropriately to these safety alerts.

## Signal Word and Level of Hazard

- **NOTE:** Provides important information to help users make better use of the product.
- **CAUTION:** Indicates potential damage to hardware or loss of data and provides instructions to avoid the problem.

- **WARNING:** Indicates potential for property damage, personal injury, or death.
- **ELECTRICAL:** Indicates an impending electrical hazard that may result in personal injury, fire, or death if not avoided.

## Safety

Moving Parts Can Crush & Cut

## Product Specifications

- Height Adjustment Range: 2.6-8.5 inches (66-216 mm)
- Vertical Adjustment Range: 9.4-15.75 inches (239-400 mm)
- Weight Capacity:
  - **A:** 6-16 lbs (2.7-7.3 kg)
  - **B:** <5 lbs (2.25 kg)
  - **C:** <2 lbs (0.9 kg)
  - **D:** <1.5 lbs (0.68 kg)
  - Total Weight Capacity: A+B+C+D < 24.9 lbs (11.3 kg)

## Product Usage Instructions

Follow the steps below for proper usage of the product:

### Step 1: Assembly

1. Refer to the provided diagram for the required components.
2. Using the specified screws, assemble the various parts as shown in the diagram.

### Step 2: Cable Routing

Ensure to follow the cable routing instructions in the manual to avoid potential damage or personal injury due to pinched cables. Leave enough slack in the cable to allow a full range of motion.

### Step 3: Adjustments

The product provides various adjustment options for lift strength and friction. Follow the steps below based on your specific needs:

#### Increase Lift Strength

If the mounted weight is too heavy or the product does not stay up when raised:

1. Refer to the provided diagram and locate the adjustment step.
2. Using the provided tools (e.g., wrench), follow the instructions to increase lift strength.

#### Decrease Lift Strength

If the mounted weight is too light or the product does not stay down when lowered:

1. Refer to the provided diagram and locate the adjustment step.
2. Using the provided tools (e.g., wrench), follow the instructions to decrease lift strength.

### Increase Friction

**If the product moves too easily:**

1. Refer to the provided diagram and locate the adjustment step.
2. Using the provided tools (e.g., wrench), follow the instructions to increase friction.

### Decrease Friction

**If the product is too difficult to move:**

1. Refer to the provided diagram and locate the adjustment step.
2. Using the provided tools (e.g., wrench), follow the instructions to decrease friction.

### For More Information

For additional information and support, visit the Ergotron website at [www.ergotron.com](http://www.ergotron.com). You can also contact ergotron's customer support:

### Hazard Symbols Review

These symbols alert users of a safety condition that demands attention. All users should be able to recognize and understand the significance of the following Safety Hazards if encountered on the product or within the documentation. Children who are not able to recognize and respond appropriately to Safety Alerts should not use this product without adult supervision!

### Symbols

Symbol	Signal Word	Level of Hazard
	<b>NOTE</b>	A NOTE indicates important information that helps you make better use of this product.
	<b>CAUTION</b>	A CAUTION indicates either potential damage to hardware or loss of data and tells you how to avoid the problem.
	<b>WARNING</b>	A WARNING indicates either potential for property damage, personal injury, or death.
	<b>ELECTRICAL</b>	An Electrical indicates an impending electrical hazard which, if not avoided, may result in personal injury, fire and/or death.

## Safety

Important! You will need to adjust this product after installation is complete. Make sure all your equipment is properly installed on the product before attempting adjustments. This product should move smoothly and easily through the full range of motion and stay where you set it. If movements are too easy or difficult or if the product does not stay in desired positions, follow the adjustment instructions to create smooth and easy movements. Depending on your product and the adjustment, it may take many turns to notice a difference. Any time equipment is added or removed from this product, resulting in a change in the weight of the mounted load, you should repeat these adjustment steps to ensure safe and optimum operation.

### **WARNING IMPACT HAZARD** MOVING PARTS CAN CRUSH & CUT

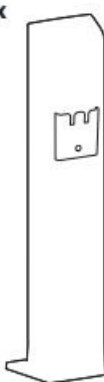

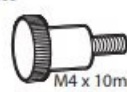

Do not remove the zip tie and cardboard spacer which keeps the hand brake from disengaging until instructed to in the manual. Removing the zip tie before the cart is unpacked and standing upright may cause unintended motion of the riser. Failure to heed this warning may lead to personal injury or equipment damage.

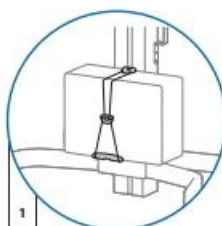

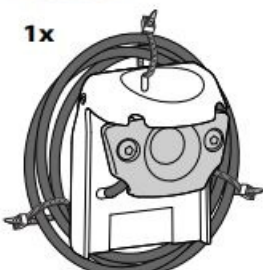

### **WARNING IMPACT HAZARD**

- Moving Parts Can Crush & Cut
- Do not tip the cart over on the side.
- The cart must remain upright at all times. Tipping the cart on the side may cause unintended motion of the riser.
- Failure to heed this warning may result in serious personal injury or property damage!
- For more information on the safe set-up, adjustment, and use of this product refer to the user manual at [www.ergotron.com](http://www.ergotron.com) or contact Ergotron Customer Care at 1-800-888-8458
