6B02 Series Shift Keyboard Case

Specifications

- **Power:** 1-3W
- **Charging Indicator:** Yes
- **Backlight Brightness Levels:** Off, Low, Medium, High
- **Trackpad Control:** Yes
- **Shortcut Keys:** Home, Brightness +/-, Multitasking view, Search, Dictation, Screenshot, Previous song, Play/Pause, Next song, Mute, Volume+/-, Lock screen

Product Usage Instructions

- **Power Switch**
 - Toggle the side power switch to turn the keyboard on/off.

- **Pairing Mode Auto Reconnect**

- Press + for 3 seconds to enter pairing mode. The Bluetooth indicator will flash blue. If not connected within 5 minutes, the pairing mode will turn off. When turned on for 5 seconds, the keyboard will automatically attempt to reconnect with the last paired device.

Power Light Overview

Charging: Fully charged: Low battery:

- **Standby Mode**

- After 30 seconds of inactivity, the keyboard backlight will turn off automatically. If the keyboard remains unused for 30 minutes, it will enter standby mode. Press any key to wake up the keyboard.

- **Backlight Settings**

- Press + cmd to adjust the backlight brightness and cycle through the levels: Off, Low, Medium (default), High.

- **Trackpad Control**

- Press + to enable or disable the trackpad.

- **Factory Reset**

- Press and hold + + for 3 seconds. All indicators will flash to indicate that the factory reset is complete.

- **Shortcut Keys**

- Refer to the manual for various shortcut functionalities.

Troubleshooting Guide

If the keyboard stops working, follow these steps:

1. Ensure the keyboard power is turned on.
2. If the keyboard is out of battery (below 20%), charge it using the original charging cable.
3. If the connection is unstable, restart the keyboard. If the problem persists, disconnect the keyboard from your device list and follow the pairing instructions to reconnect your keyboard.

FAQ

- **Q: How do I adjust the backlight brightness?**
 - **A:** Press + cmd to cycle through Off, Low, Medium, and High brightness levels.
- **Q: How can I enable or disable the trackpad?**
 - **A:** Press + to enable or disable the trackpad functionality.
- **Q: What should I do if my keyboard stops working?**
 - **A:** Follow the troubleshooting guide provided in the manual. Ensure the power is on, charge if needed, and reconnect following the pairing instructions if needed.
