**eufy SECURITY T8790 SmartDrop Delivery Box with Built-in 1080P Camera**

### Product Information

The SmartDrop is a secure delivery box manufactured by Anker Innovations Limited. It features a vandal-proof design with bolts securing the top and bottom panels, preventing disassembly when locked. The product is trademarked as eufy Security and is registered in the United States and other countries.

### Product Usage Instructions

#### Step 1: Create a Delivery PIN

1. Open the eufy Security app.
2. Go to Device Page > Delivery PIN.
3. Create a Delivery PIN for SmartDrop.

#### Step 2: Include Delivery PIN for Your Delivery Address

Add a new address with the following details:

- Country/Region: United States
- Full name (First and Last name): John Appleseed
- Phone number: c123456-7890
- Address: Corlas Dee Blvd 24200, APT 888 (Delivery box code 1234)
- City: Hayward
- State: CA
- Zip Code: 98582

#### Step 3: Couriers Deliver Packages with Delivery PIN

Couriers should deliver packages to the address provided, including the Delivery PIN.

#### Step 4: Take Packages Out of SmartDrop after Delivery

You have two options to retrieve your packages:

1. Option 1: Use the Master PIN.
2. Option 2: Use the Delivery box code (87654321).

## **Powering Options**

### **Option 1: Battery-powered**

1. Remove the battery from SmartDrop.
2. Charge the battery using the provided cable until the LEDs turn solid blue.

### **Option 2: Wired**

Connect SmartDrop to a power source using appropriate cables.

## **Notice**

The SmartDrop complies with Part 15 of the FCC Rules, ensuring it doesn't cause harmful interference and accepts any received interference. Any changes or modifications not approved by the responsible party may void the user's authority to operate the equipment.

The device has been tested and found to comply with the limits for a Class B digital device, providing reasonable protection against harmful interference in residential installations.

Shielded cables must be used for connections to other computing devices to maintain compliance with FCC regulations.

For any inquiries or assistance, please contact customer service:

### STEP 2. Include Delivery PIN for Your Delivery Address

### STEP 3. Couriers Deliver Packages with Delivery PIN

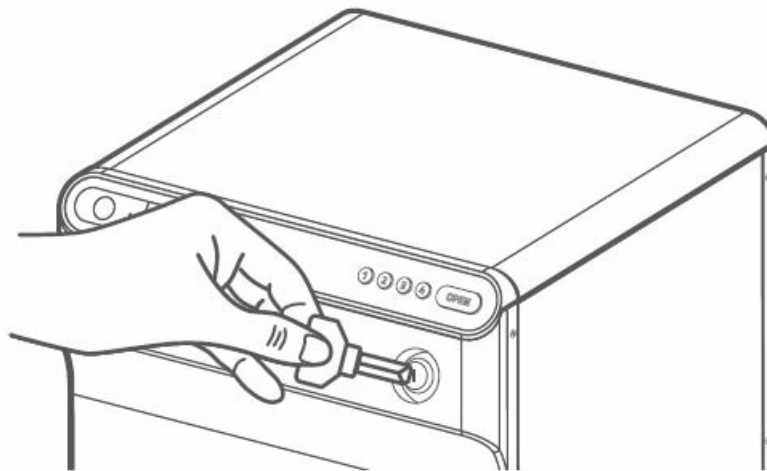

### STEP 4. Take Packages Out of SmartDrop after Delivery

OPTION 1:

OPTION 2:

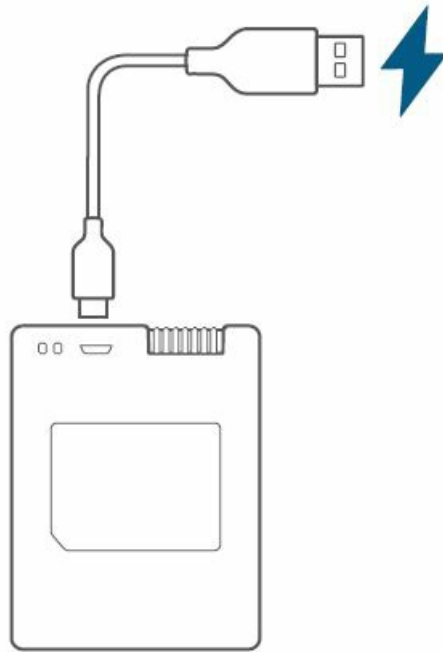

## POWERING OPTIONS

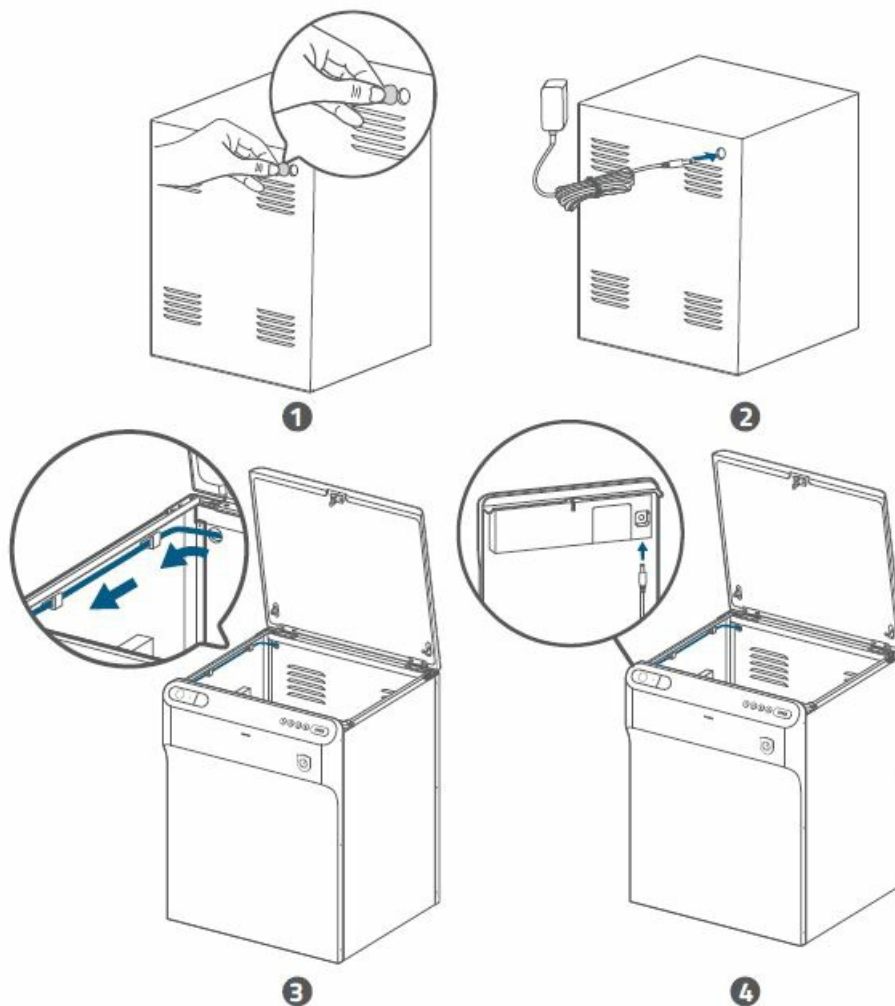

### OPTION 1. Battery-powered

#### Charging the battery

1. Remove the battery from SmartDrop.
2. Charge the battery with the provided cable until the LEDs turn solid blue.

## OPTION 2. Wired

## FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including

interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/ TV technician for help.

### **FCC Radio Frequency Exposure Statement**

The device has been evaluated and following general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

The device has been tested and following SAR limits, users can obtain American information about RF exposure and compliance. This equipment should be installed and operated with minimum distance 0mm between the radiator & your body.

Notice: Shielded cables

All connections to other computing devices must be made using shielded cables to maintain compliance with FCC regulations.

The following importer is the responsible party

Company Name: POWER MOBILE LIFE, LLC

Address: 400 108th Ave NE Ste 400, Bellevue, WA 98004-5541

Telephone:1-800-988-7973

### **IC Statement**

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

1. this device may not cause interference, and
2. this device must accept any interference, including interference that may cause undesired operation of the device.
