3. Motion Sensor
4. Photosensitive Sensor
5. Microphone
6. LED Indicator
7. SYNC Button
8. Type-C Charging Port
9. Mounting Hole
10. Speaker

## CHARGING SOLO CAM

### Battery-powered

## SETTING UP SOLOCAM

## Download the App and Set up the System

1. Download and install the eufy Security app, and sign up for an account.

2. Follow on-screen instructions to add your SoloCam .

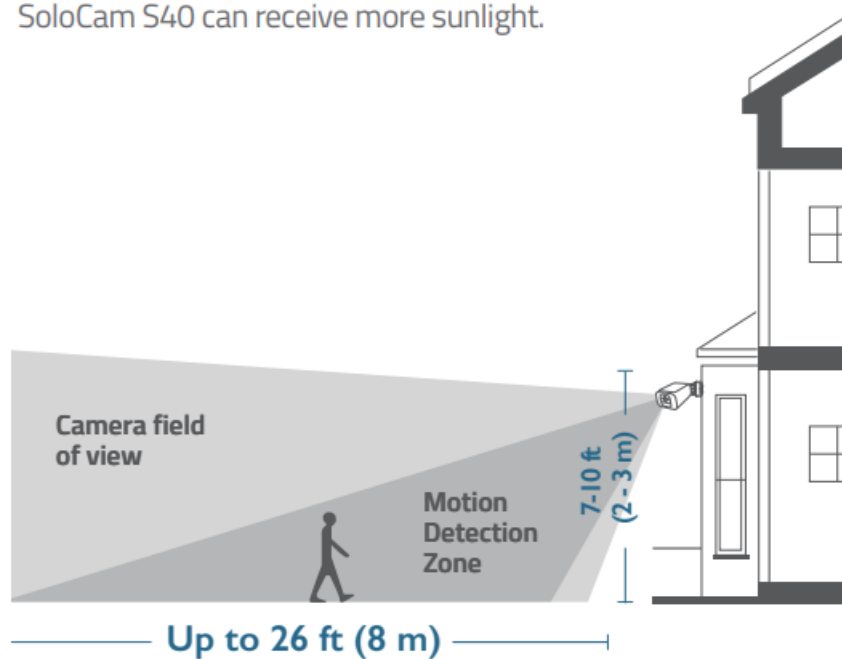

## MOUNTING SOLOCAM

### Select a Location

SoloCam S40 can be mounted on a wall. Select a location where you can get the desired view. We recommend hanging it 7-10 ft (2-3 m) above the ground.

To maximize the solar panel efficiency, select a location where SoloCam S40 can receive more sunlight.

### Mount SoloCam S40

SoloCam S40 can be mounted both outdoors and indoors.

1. Turn the knob of the mounting bracket counterclockwise to loosen and disassemble it.

2. Place the mounting bracket against the wall. Drill holes with a 15/64 inch (6 mm) drill bit, then insert the

anchors into the holes; anchors are necessary for walls that are made out of hard materials such as concrete, brick, or stucco.

3. Firmly screw the knob of the mounting bracket into the mounting hole of SoloCam.

4. Hold and screw SoloCam to the mounting bracket. Rotate SoloCam to adjust the view and check it using the live stream which you can access in the eufy Security app.

SoloCam S40 can be also installed on the ceiling. Follow the steps 1-4 mentioned above to install it.

**Tips:**

For troubleshooting, check Help on the eufy Security app. Refer to the app page for LED indicator status.

## FCC Statment

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

## FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure condition. The min separation distance is 20 cm.

**Notice:** Shielded cables

All connections to other computing devices must be made using shielded cables to maintain compliance with FCC regulations.

The following importer is the responsible party.

**Company Name:** POWER MOBILE LIFE, LLC

**Address:** 10900 NE 8TH ST, STE 501, BELLEVUE, WA 98004

**Telephone:** 1-800-988-7973

### IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

1. this device may not cause interference, and
2. this device must accept any interference, including interference that may cause undesired operation of the device.

### IC RF Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.
