EverFlourish 0020870103 Intermediate Connectors with Additional Function

Product Information

Specifications:

- **Product Name:** USB Charger Wireless
- **Model:** 3M00agx
- **Input:** USB
- **Country Variants:** HU, DE, GB

Product Usage Instructions

Assembly:

1. Connect the USB Charger Wireless to a power source using the provided USB cable.
2. Place the device in a location where it can receive signals effectively.

Operating Instructions:

1. Once connected to power, the device is ready for use.
2. Check the LED indicators to ensure the device is properly functioning.
3. Place your wireless-compatible device on top of the charger to initiate charging.
4. Ensure proper alignment between the charger and your device for efficient charging.

FAQs

- **Q: How do I know if my device is charging?**

A: The LED indicators on the charger will show when your device is charging.

- **Q: Can I use the charger with non-wireless devices?**

A: No, this charger is specifically designed for wireless charging compatible devices only.

INTRODUCTION

Dear Customer,

We'd like to thank you for purchasing our product. Please read the following operating instructions thoroughly before using this product for the first time and keep it handy for future reference. (S1)

Please check the product before use for any damage.

PROPER USE

- The product conforms to the appropriate European CE directives. (S2)

- This product conforms to the appropriate European safety standards.
- The product is IP20 rated and suitable for use in dry interior spaces. (S3)

- The product may only be used only for the purpose for which it is intended, in accordance with this user manual!
- The product is not intended for use by persons (including children) whose physical, sensory or mental abilities are limited or who lack experience and knowledge! These persons may only use the product if they are supervised by a person responsible for their safety, or if they have been inducted into how to use the product! The supervision and use of this product must be carried out by a responsible person!
- Make sure that this product is kept out of the reach of children or unauthorised persons.

- Note direction of use (S4)!

- The USB ports are only suitable for the charging of smartphones, for instance. A transfer of data is not possible by this means.
- For the most efficient charging, center the device on the plus (+) sign.
- If wireless charging does not start automatically, please check the settings of the device. For some devices, it is necessary to activate this function separately.
- Charging the device is also possible through sleeves. Removing the sleeves before placing the device on the charger is advantageous for an optimal charging function.
- The wireless charging function can only be used if your device supports this technology.

GENERAL INFORMATION

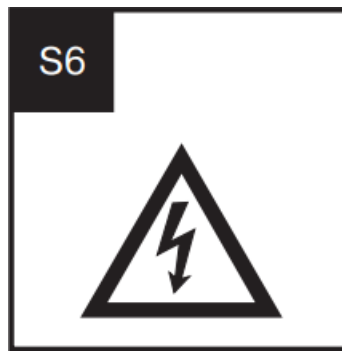

- Handle this product carefully. It can be damaged by shocks, blows or by being dropped, even from a low height!
- This product has no replaceable parts. Do not attempt to open or repair this product!

GENERAL SAFETY INSTRUCTIONS

- Please observe the technical specifications!
- Please follow this instruction manual and keep it in a safe place!
- Please pass on this instruction manual to a subsequent owner!
- Not to be used by children!
- Do not operate a defective product!
- Do not operate the product when covered (S5). This could lead to a dangerous buildup of heat!

- The product must remain freely accessible (also when in use)!
- For the connection, only use regular mains sockets (230V~, 50Hz) with protective conductors of the public supply network which are easily accessible!
- Do not open the housing! (S6)

- A conversion or modification of the product affects product safety.
Caution: risk of injury! A conversion or modification of the product must not be carried out!
- De-energised only when the plug is pulled out!
- Do not plug one behind the other (S7)!

- Only use this USB port for IT devices!
- Only connect devices up to max. 12W total power!
- Observe the connection and charging instructions of the respective manufacturer!
- Max. Load: 300g (for USB device and plug/power supply/power adapter together)! (S8)

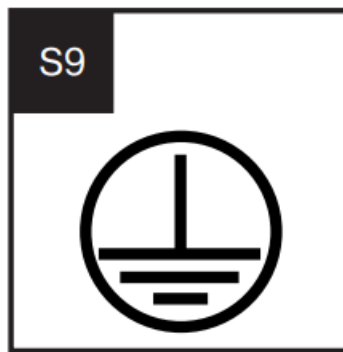

OVERVIEW

TECHNICAL DATA

- **Nominal values:** 230V~; 50Hz; 16A
- **IP protection class:** IP20 (S3)
- **Protection class:** I (S9)

- **Ambient temperature:** 0°C – 35°C / max. 35°C
- **Output Wireless Charger:** 5,0VDC, max. 5,0W 9,0VDC, max. 10,0W
- **Frequency Wireless Charger:** 110kHz – 205kHz
- **Frequency band Wireless Charger:** 100kHz – 300kHz
- **Max. transmission power:** max. 10W
- **Standby consumption:** 0,09W
- **USB port type A:** 5,0VDC, max. 2,4A, max. 12,0W
 - **Average efficiency during operation:** 80,1%
 - **Efficiency at low load (10%):** 65,2%
 - **Power consumption at no load:** 0,09W
- **Power:** max. 3680W
- Socket outlet with increased contact protection

CLEANING

- Before cleaning, unplug the product from the power point or disconnect it from the mains supply!
- Clean with a dry or slightly moist, clean, lint-free cloth and a mild detergent if required. Do not use cleaners that contain abrasives or solvents.

WEEE DISPOSAL INFORMATION

According to European regulations, used electrical and electronic equipment may no longer be put out into unsorted rubbish. The symbol on the wheeled rubbish bin points out the necessity for separate collection. Help us to protect the environment and ensure that this unit is put out in the appropriate systems for separate collection once you do not use it any longer. DIRECTIVE OF THE EUROPEAN PARLIAMENT AND COUNCIL of 4th July 2012 concerning used electrical and electronic equipment. (S10)

CE CONFORMITY STATEMENT

REV Ritter GmbH hereby declares that the radio equipment type EU101WL-GR complies with DIRECTIVE 2014/53/EU. For the complete CE Declaration of Conformity look up the corresponding product or type number at

SERVICE

If you have any questions concerning our products or a complaint, then please go to www.rev.de to find out how to make contact or how to organise a return. Alternatively, send an email to service@rev.de. We'd like to point out that we are unable to process any shipments which do not have a return number and will not accept them.
