Need to read your eID or Smart Card? This compact Ewent EW1052 USB Smart Card Reader allows you to read your eID or Smart Card easily and safely anywhere! It is easy to install and to use.

Supports all common Smart Cards

It is designed to meet all major Smart Card standards and specifications in ID-1 card format, including personal identification cards. The Card Reader is convenient for e-Commerce, e-Business, digital signatures, authentication and access protection. The card reader is CAC approved and compliant with PC/SC as well as WHQL.

Fitted with USB interface

The Eminent EW1052 USB Smart Card Reader is fitted with a USB 2.0 port but also compliant with USB 1.1. The transmission speed is 12 Mbps (USB 2.0).

No additional power needed

You do not need additional power adapters or extra cables. The card reader is bus powered, just plug in the 1m USB cable to your computer and use it instantly.

 The image shows the front cover of the user manual for the Ewent EW1052 USB 2.0 Smart Card ID Reader. The cover is white with a black header containing the 'ewent' logo and the product name 'USB 2.0 Smart Card ID Reader'. Below the header is a photograph of the black card reader device with a USB cable. Underneath the photo are four small square icons representing different features or compatibility. At the bottom of the cover, there is a 'DESCRIPTION' section with a bulleted list of features.	<p>ewent USB 2.0 Smart Card ID Reader [pdf] Instructions USB 2.0 Smart Card ID Reader, EW1052</p>
