Safety

EXIT water tracks are tested and approved in accordance with EN-71 and CE, which guarantees the safety of the water track.

Safety instructions:

- Not suitable for children under 36 months. Small parts.
- Only for domestic use.
- The water track is for outdoor use only.

Warning

Adult Assembly Required

Assembly

- The water track must be assembled by an adult.
- Place the EXIT water track on a smooth surface.

Material

EXIT water tracks are made of Fir. This type of wood provides a natural protection against wood rot, mould and vermin.

As extra protection and finish, the wood has been treated with a water-based stain. This naturally-based stain is an environmentally-friendly product.

Maintenance

- Regularly check the water track for splinters. You must also check the screws and the strength of the links and/or fixings.

Where applicable, tighten the screws and nuts. 'Regularly' is understood to mean: after assembly and twice a month during the outdoor playing season.

- Check the condition of the stain every year. To ensure the product's durability, water tracks must be given a new layer of stain every two years. Use a water-based paint or a naturally-based stain.

PLEASE NOTE!

- The water track is not 100% watertight. This is normal and does not affect the operation of the water track.
- The EXIT water tracks are designed for personal use. It is not permitted to rent out or place the water track in public areas like schools or day-care centres. The guarantee and any other liabilities shall expire if the water track is rented out or used in public areas.
- Wood is a natural product that is subject to weather influences that could cause the wood to warp and split. The guarantee does not cover damage caused by weather influences, such as cracks in the wood and/or warping of the panels which do not have a negative influence on the construction of the EXIT water track.

If you do not receive the product in good condition or if any other problems occur, then please contact your dealer or the point of sale from which you purchased the product.

GUARANTEE CERTIFICATE

Dutch Toys Group B.V. provides a guarantee on the EXIT water tracks. A one-year guarantee applies to all connecting pieces and accessories, and a two-year guarantee on the wood.

Dutch Toys Group B.V. reserves the right to not offer the guarantee if:

- the original purchase receipt is missing;
- natural weather influences on the wood cause the wood to warp or split, which does not have a negative influence on the construction of the EXIT water track;
- the EXIT water track is used for purposes other than what it was developed for;
- the assembly method differs from the prescribed assembly method;
- technical repairs are not carried out professionally;
- the EXIT water track is used in public places like schools and day-care centres;
- the EXIT water track is rented out to third parties;
- regular checks are not conducted and parts, screws and connecting pieces are not replaced where necessary.
- the EXIT water track is not stained or painted once every two years.
