## Regulatory Information

### FCC Information

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

**Note:** This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If

this product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Please take attention that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

1. this device may not cause interference, and
2. this device must accept any interference, including interference that may cause undesired operation of the device.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

#### EU Conformity Statement

This product and – if applicable – the supplied accessories too are marked with “CE” and comply therefore with the applicable harmonized European standards listed under the Radio Equipment Directive 2014/53/EU, the EMC Directive 2014/30/EU, the RoHS Directive 2011/65/EU.

2012/19/EU (WEEE directive): Products marked with this symbol cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return this product to your local supplier upon the purchase of equivalent new equipment, or dispose of it at designated collection points. For more information see:

[www.recyclethis.info](http://www.recyclethis.info).

2006/66/EC and its amendment 2013/56/EU (battery directive): This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. See the product documentation for specific battery information. The battery is marked with this symbol, which may include lettering to indicate cadmium (Cd), lead (Pb), or mercury (Hg). For proper recycling, return the battery to your supplier or to a designated collection point. For more information see [www.recyclethis.info](http://www.recyclethis.info).

Industry Canada ICES-003 Compliance

This device meets the CAN ICES-3 (B)/NMB-3(B) standards requirements.

#### EC DECLARATION OF CONFORMITY

## Installation

If you already have a peephole, install the device in the same place. If not, please drill a hole of diameter about 18mm and about 145cm distance from the ground to have a good viewing effect.

1

Measure the door's thickness and select the appropriate screws.

Thickness	Screw
35 to 60mm	 
60 to 95mm	 
95 to 105mm	 

2

Turn the screws into the back of camera.

3

Tear off the release paper.

4

Pass screws and wire through the door. You can roll up the paper to help.

5

Adjust camera's position and push it close to the door gently.

6

Pass screws and wire through the mounting base.

7

Adjust the mounting base's position and tighten the screw.

8

Connect the panel with the camera's wire.

9

Put the panel into the mounting base.

10

Hold the dismantle button until the panel is well buckled.

Installation complete.

### Power on

Hold the power button for 3 seconds to power on the panel.  
Tap the Home button to see live view.

#### LIMITED WARRANTY

Thank you for purchasing Hangzhou EZVIZ Software Co., Ltd. ("EZVIZ") products. This limited warranty ("warranty") gives you, the original purchaser of the EZVIZ product, specific legal rights. You may also have other legal rights that vary by state, province, or jurisdiction. This warranty applies only to the original purchaser of the product.

"Original purchaser" means any consumer having purchased the EZVIZ product from an authorized seller. The disclaimers, exclusions, and limitations of liability under this warranty will not apply to the extent prohibited by applicable law. No distributor, reseller, agent, or employee is authorized to make any modification, extension, or addition to this warranty.

Your EZVIZ product is warranted for a period of two (2) years from the date of purchase against defects in materials and workmanship, or such longer period as may be required by law in the country or state where this product is sold, when used normally in accordance with the user manual.

You can request warranty service by contacting our Customer Service. For any defective EZVIZ products under warranty, EZVIZ will, at its option, (i) repair or replace your product free of charge; (ii) exchange your product with a functionally equivalent product; or (iii) refund the original purchase price, provided you provide the original purchase receipt or copy, a brief explanation of the defect, and return the product in its original packaging. At EZVIZ's sole discretion, repair or replacement may be made with a new or refurbished product or components. This warranty does not cover the shipping cost, insurance, or any other incidental charges incurred by you in returning the product.

Except where prohibited by applicable law, this is your sole and exclusive remedy for breach of this warranty. Any product that has either been repaired or replaced under this warranty will be covered by the terms of this warranty for the longer of ninety (90) days from the date of delivery or the remaining original warranty period. This warranty does not apply and is void:

- If the warranty claim is made outside the warranty period or if the proof of purchase is not provided;
- For any malfunction, defect, or failure caused by or resulting from the evidence of impact; mishandling; tampering; use contrary to the applicable instruction manual; incorrect power line voltage; accident; loss; theft; fire; flood; or other Acts of God; shipping damage; or damage resulting from repairs performed by unauthorized personnel;
- For any consumable parts, such as batteries, where the malfunction is due to the normal aging of the product;
- Cosmetic damage, including but not limited to scratches, dents, and broken plastic on ports;
- Any software, even if packaged or sold with EZVIZ hardware;
- For any other damages free from defects in material or workmanship;
- Routine cleaning, normal cosmetic and mechanical wear and tear. Please do not hesitate to contact your seller or our Customer Service, with any questions.
