Unpack Your Camera

Your package contains the following items.

- Mounting Hardware

- 5V DC Power Adapter

- Power Cable

- Quick Start Guide

- FT2 Wi-Fi Camera

Features

IMPORTANT:

Before configuring your camera

- Please place the camera close to your Wi-Fi router during setup. You can relocate it to its final location after setup is complete.
- Please make sure your phone is connected to your 2.4GHz Wi-Fi. (Not your cellular or 5GHz WiFi).
 - A.** If you are using a Dual Band Wi-Fi Router, and the Wi-Fi names (SSID) for 2.4GHz and 5GHz are different, please make sure that your phone is connected to your 2.4GHz Wi-Fi.
 - B.** If you are using a Dual Band Wi-Fi Router, and the Wi-Fi name (SSID) for 2.4GHz and 5GHz are the same. Please ignore the 5GHz warning prompt during setup.
 - C.** If you are unsure if your router supports 2.4GHz Wi-Fi, check the documentation for your Wi-Fi router model number online or Internet service provider

Please download the Faleemi Cloud APP (Android / iOS) before beginning your camera setup

Search for the App "Faleemi Cloud" from the App Store or Google Play Store.

Step 1 Account Registration

1. Open Faleemi Cloud App, and click [Sign up](#).

If you have a Faleemi Cloud account already, please skip this step and go to Step 2.

A screenshot of the Faleemi Cloud app's registration screen. It features the app's logo at the top center. Below the logo, the text 'Hello' and 'Welcome to Faleemi Cloud' is displayed. There are two input fields: 'Email' and 'Password'. The 'Email' field has a green underline. The 'Password' field has a grey underline and a small icon to its right. A blue circular target with the text 'Sign up' and a hand cursor pointing at it is overlaid on the top right corner of the screen.

2. Enter your email address and Create a password, [Click Next](#).

A screenshot of a mobile application's sign-up screen. At the top, there is a back arrow and the title "Sign up". Below the title, there is a "Country/region" field with "United States" selected and a right arrow. The "Email" field contains "support@faleemi.com". The "Password" field is masked with dots and has a toggle icon on the right. Below the password field, there is a text requirement: "Your password MUST be 8-16 characters, and include at least the following 3 categories: Digits, Uppercase/lowercase letters, and Special characters." A checkbox with a checkmark is next to the text "I have read and agree to the Terms of Use and Privacy Policy". At the bottom, there is a large green button labeled "Next" with a hand icon pointing at it.

3. Open your email and find the Verification Code. Enter it and continue the setup.

Tips

If the verification code does not appear in your email inbox, please check your Spam folder.

← Email verification

Email

support@faleemi.com

Verification Code

Please check the email and verify your account. You may need to check your Junk or Spam folder. Re-send email(54)

Your verification code is:

258238

It is valid within 30 minutes.

4. Click Sign in and Enter your password. Click Sign in again.

You can enable Touch ID/Face ID for a quick sign in.

Step 2 Connecting the camera to your Wi-Fi Network

1. Place your camera near your Wi-Fi and power it up with the included adapter.

2. Click Add device or .

3. Click [Your Camera Model](#).

4. Select [Wi-Fi connection by QR code mode](#).

5. Please tick “**Make sure...**” and **Next**. If there is no light/tone, please reset the camera.

Reset instructions are at the end of this document under “Troubleshooting and Frequently Asked Questions

6. Your WIFI name will appear. Please just enter the correct Wi-Fi password and click Next.

Click  to make sure your Wi-Fi password is correct.

If you are using a Dual Band Wi-Fi Router, and the Wi-Fi name (SSID) for 2.4GHz and 5GHz is same.

Please ignore the prompt in the APP that you are connected to 5GHz Wi-Fi. The camera will connect to your 2.4GHz Wi-Fi.

7. The app will pop up a QR code.

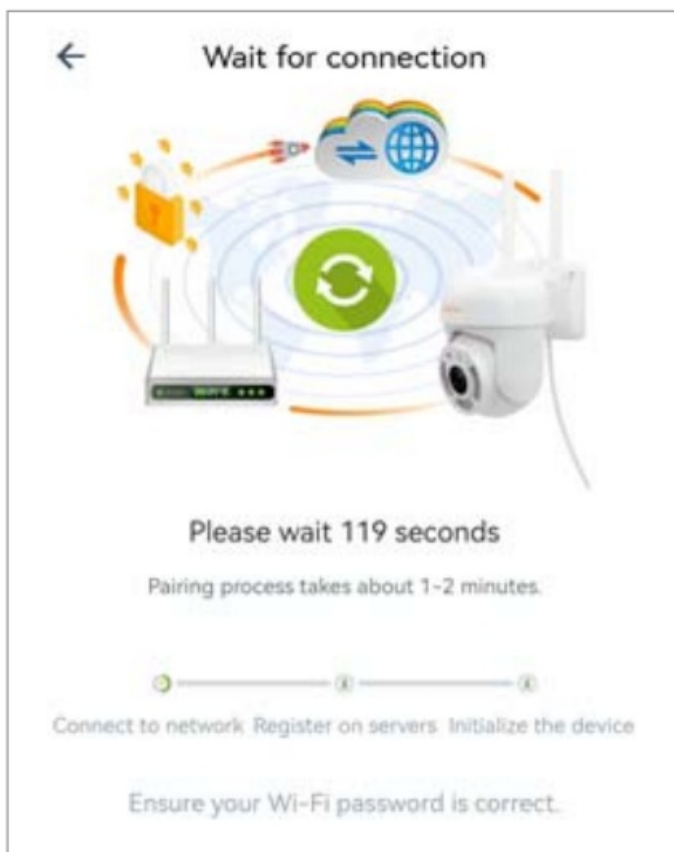

Please use the camera to scan this QR code by placing the phone in front of camera about 4-12 inches. When you hear a tone, please select "When you..." and click [Next](#).

Double-click the QR code to enlarge it.

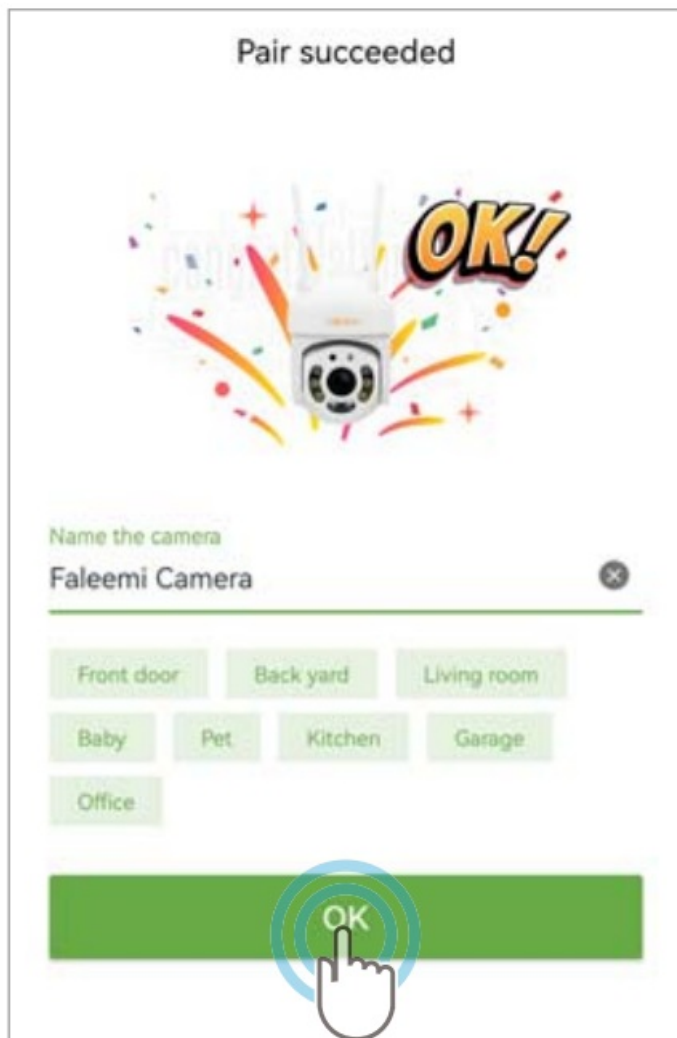

8. Wait for connection.

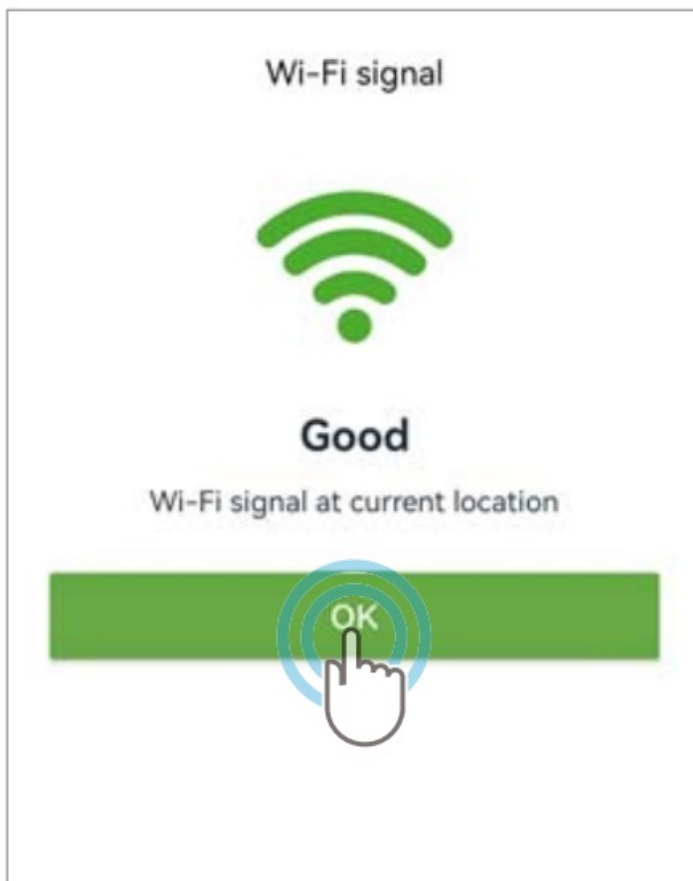

9. When you hear “The pairing is successful, you can start using the camera now”, the App will move to a page

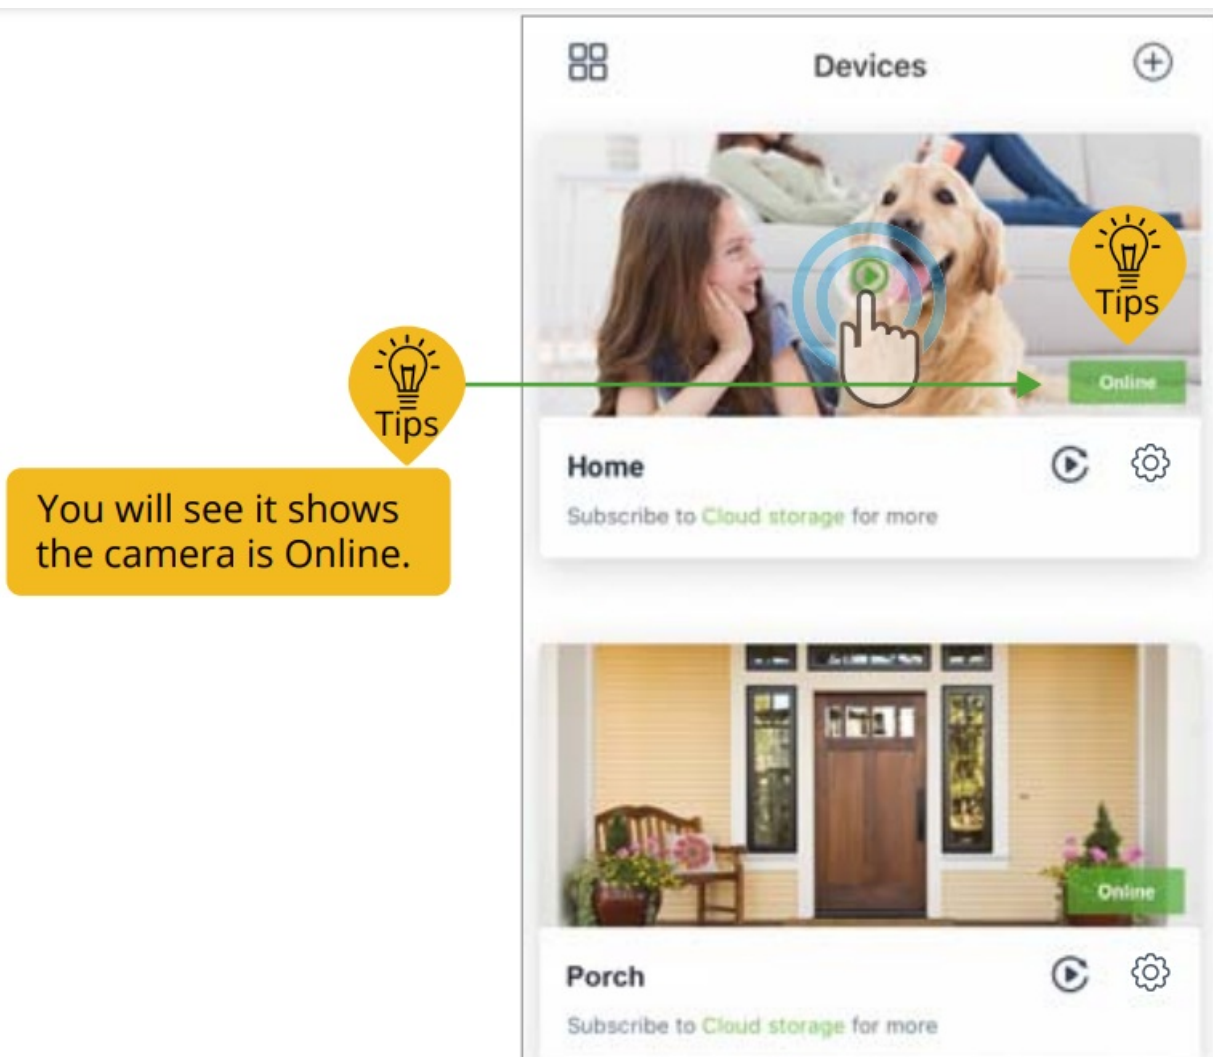

where you can change the camera name (optional), and click OK.

The camera will detect the Wi-Fi signal strength of the current location. If the signal is poor, try placing it closer to the router. Click OK.

10. The device will indicate "Online" in the green box. Congratulations! Your camera successfully set up. Click the image to view and control it.

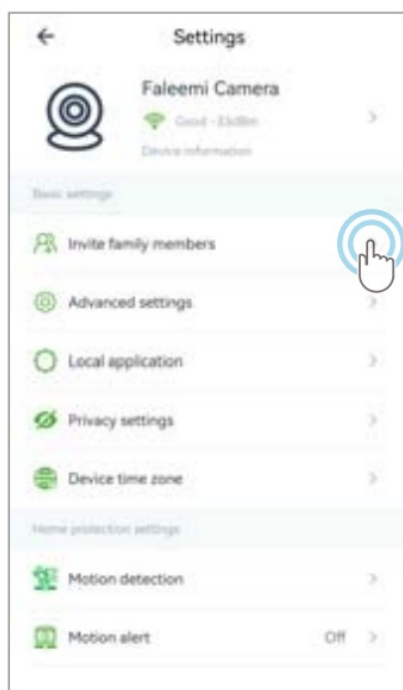

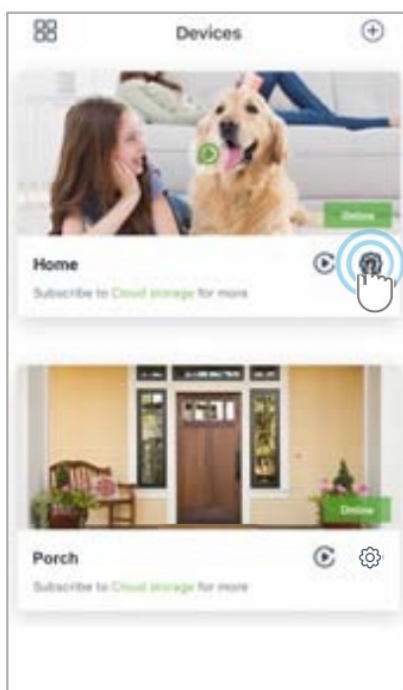

We have supplied the detailed manuals on our website, please scan the QR Code to access them.

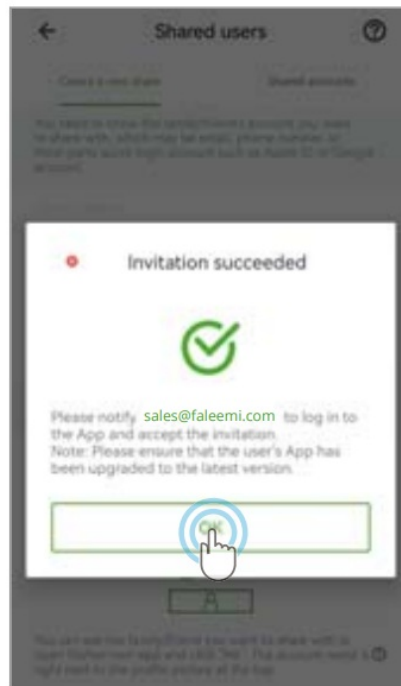

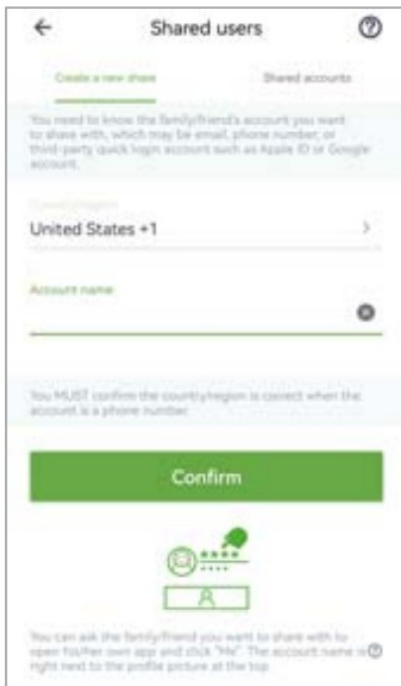

Sharing the video with family (Optional)

1. Click  Settings –  Invite family members –  Invite new member. (You can also stop sharing video on this page)

2. Select the type of family/friend's account you want to share, enter your family/friend's account and click **Confirm**.
(Your family/friends **should create a Faleemi Cloud account** before they can accept your invitation).

Troubleshooting and Frequently Asked Questions

How do I reset my camera or restore it to the factory default?

1. Unplug the camera, then plug it back in, and wait for the camera to boot up.
2. Open the waterproof rubber gasket on the bottom of the camera, press and hold the reset button with a thimble for about 5 seconds, and release it when you hear a “beep”.
3. After resetting, the camera will restart, and when the auto-rotation check stops, close the waterproof rubber gasket.
4. You can start the connection when you hear a “beep-beep” sound.
