Fanvil CS40 Conferencing Speakerphone

Safety warning

Please read and follow all safety and operation instructions before using this product.

- The devices contain small parts that may pose a choking hazard to children. Ensure that young children are kept away from these parts.
- Do not use the device near water or in moist environments to prevent the risk of electric shock or damage to the device.
- Avoid using them in extreme temperatures or dusty environments.
- Avoid dropping the device or subjecting them to strong impacts. Handle with care to prevent damage.
- For headset, avoid listening at high volumes for extended periods to prevent hearing damage.
- When using headset, be aware of your surroundings. Do not use them while driving, cycling, or in any situation where not hearing external sounds could be dangerous.
- Avoid using these devices near strong electromagnetic sources, such as microwave ovens or large speakers, as they may cause interference or reduce sound quality.
- Store the devices in a cool, dry place when not in use. Avoid leaving them in direct sunlight or high temperatures, such as in a car on a hot day.
- Clean the exterior of the device with a dry, soft cloth. Do not use any harsh chemicals or solvents.

Battery Warning

- Use only the provided charger. Do not attempt to open or disassemble the devices, as this could lead to battery leakage or explosion.
- Do not expose the battery to excessive heat, such as direct sunlight, fire, or similar conditions, as this could cause the battery to overheat, explode, or ignite.
- Do not puncture, crush, or subject the battery to physical abuse.
- If the battery leaks, avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice.

- Dispose of batteries according to local regulations. Do not dispose of batteries in fire or with household waste.
- Ensure that your power supply matches the specifications listed on the devices.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
