# FAT SHARK

FAT SHARK HDO Plus Dominator HDO Plus OLED FPV Goggles

**Product Information**

**Specifications**

<b>Dimensions</b>	152.40 mm x 101.60 mm
-------------------	-----------------------

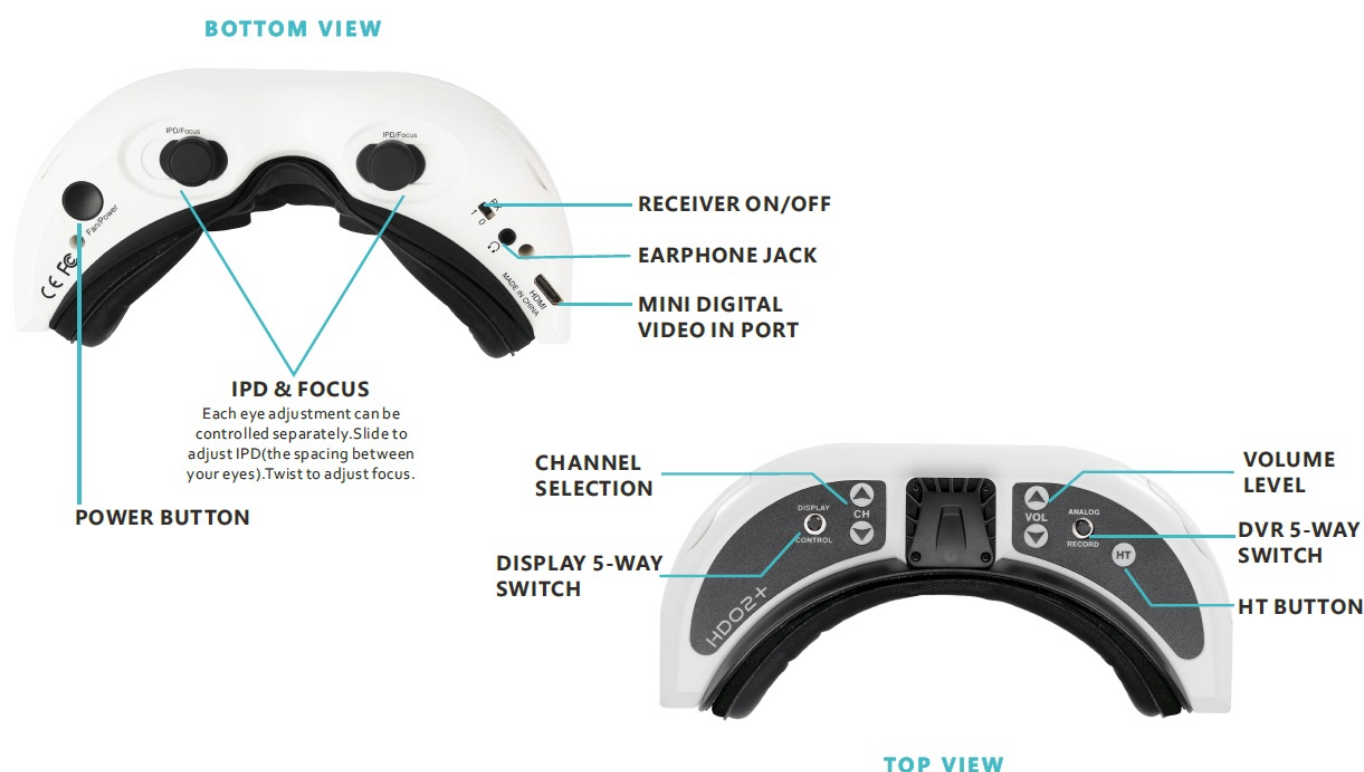

## Follow These Steps

1. Open the goggles module door and insert the receiver module.
2. Use a 7-25V (2-6s) power supply to connect the power connector. Long press the power button for 3 seconds to turn on. At this time, the defogging fan will turn on. Long press again to turn off.
3. After powering on, find the image of the transmitter through the channel selection button.
4. Fine-tune the focus and IPD until the image is clear and comfortable.
5. Long press the display 5-way switch to enter the setup menu and adjust the contrast, brightness, and other parameters.
6. Adjust the headband length and try different shim configurations to find the most comfortable fit.
7. Enjoy your FPV.

## FAQ

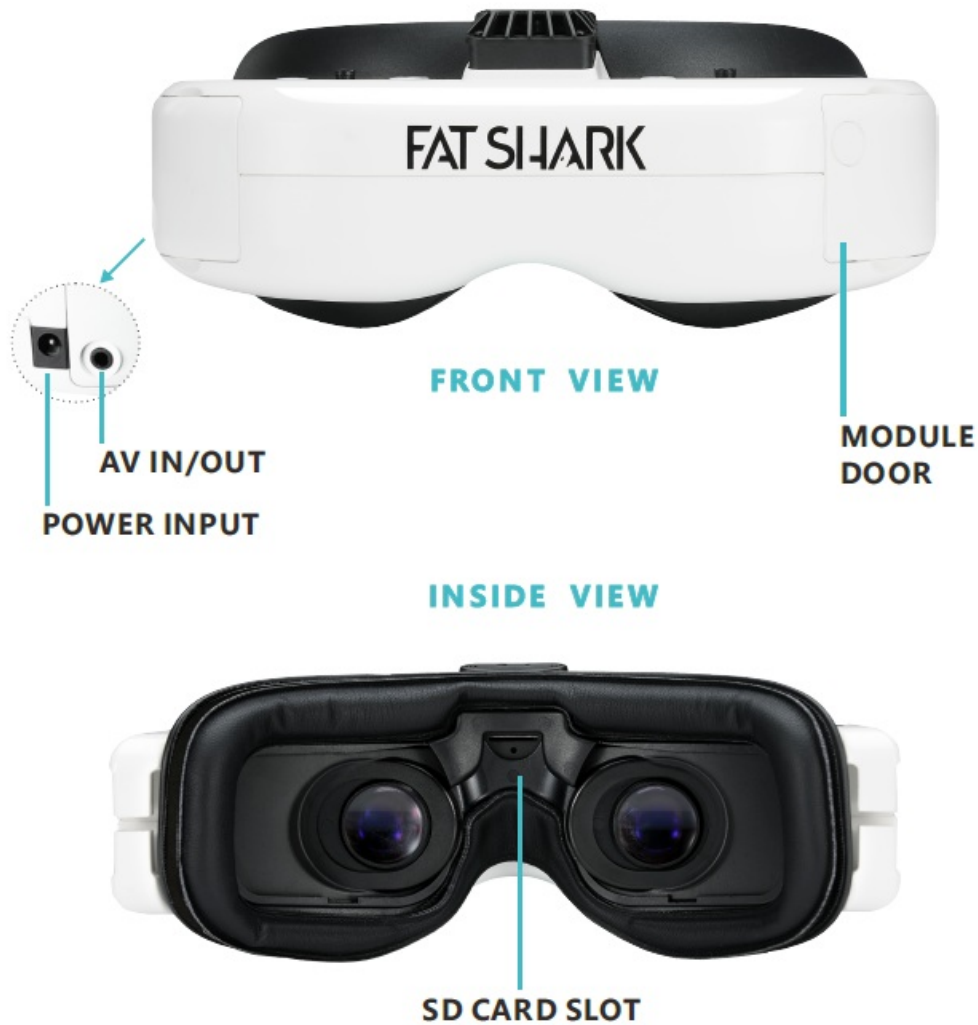

- **What is the power requirement for the goggles?**
  - The goggles require a 7-25V (2-6s) power supply.
- **How do I adjust the focus and IPD?**
  - Focus and IPD can be adjusted separately. Slide to adjust IPD and twist to adjust focus.
- **How do I access the setup menu?**
  - Long press the display 5-way switch to enter the setup menu.
