**FBZ 100Ft LED Strip Light**

## INTRODUCTION

The FBZ 100Ft outside LED Strip Light, which costs about **\$35.99**, will completely change your outside areas. Bright red, green, and blue lighting is provided by this premium RGB LED strip, which can be adjusted to suit any event or mood. It is ideal for outside use on patios, balconies, decks, gardens, roofs, and even pool areas because of its IP68 waterproof classification. With its 29 dynamic modes, the strip can be set to your music to create a quiet atmosphere or an immersed party. A three-button switch, a 44-key infrared remote, or the Lotus Lantern app make it simple to control the lights. You can easily establish timers, change colors, and modify brightness. Its DIY, cuttable shape allows it to fit into any area, and the simple mounting clips and screws guarantee a hassle-free assembly. For bright outdoor lighting, the FBZ 100Ft LED strip is essential due to its longevity, adaptability, and music-synchronized enjoyment.

## PRODUCT DETAILS

## AULIMHTI 100FT Bluetooth Outdoor LED strip lights Waterproof

What are the outstanding features of our waterproof LED lights?

1. Ultra Long: 100ft Bluetooth waterproof led light strip can meet most outdoor application scenarios. Don't worry about the short of length.
2. Fool-proof installation: The strong Buckles installation takes only a few minutes to complete, and you won't have to worry about it falling off.
3. Easy Operate: Bluetooth APP, RF remote are user-friendly options to control, even children and the Elderly can use.

1. Top-quality LEDs: Adopted premium 5050 LEDs offer ultra-bright illumination and emit gorgeous colours.
2. Numerous colour options: 16 million classic colours and 29 dynamic modes can be chosen to suit for kinds of occasions like parties, romantic dinners and festival gatherings.
3. Sturdy waterproof sleeve: High temperature and water-resistant silicone sleeves protect your LEDs for permanent use.

And of course, more intelligent functions with APP control waiting for you to explore!

## **Smart LED Rope Lights with APP Group Management**

### **Smart APP Group Management:**

If you want to control several sets of LED lights conveniently, the “Group Management” setting on the app can help you achieve this! You can let them work at the same time or

separately. It's simple and funny.

### Follow the steps below:

1. Open the APP, then click the menu button on the top left corner.
2. You would see the "Group Management" setting, and all led strips( "My devices") connected could be seen, you could name each device like "Outdoor", "Pool", "Stair", "Rooftop"etc., then you could control these strip lights together or separately.

### Music Sync Mode

Click to start playing music. Then you'll see the light will pulsate and colour change along with the environmental sound and music.

### MIC Mode

When you talking or sing, it changes colour according to the sound volume and rhythm.

**Timing Alarm Clock Mode** Set an alarm for the Smart Waterproof LED light, and it will automatically turn on / off the light at the time you set.

**backyard led strip lights** Install it in your backyard and poolside to light up your outdoor life

**Stairs led strip lights** Let your stairs always have only daylight

**Rooftop led strip lights**

Use your balcony to enjoy a get-together with your family at night

**Easy installation**

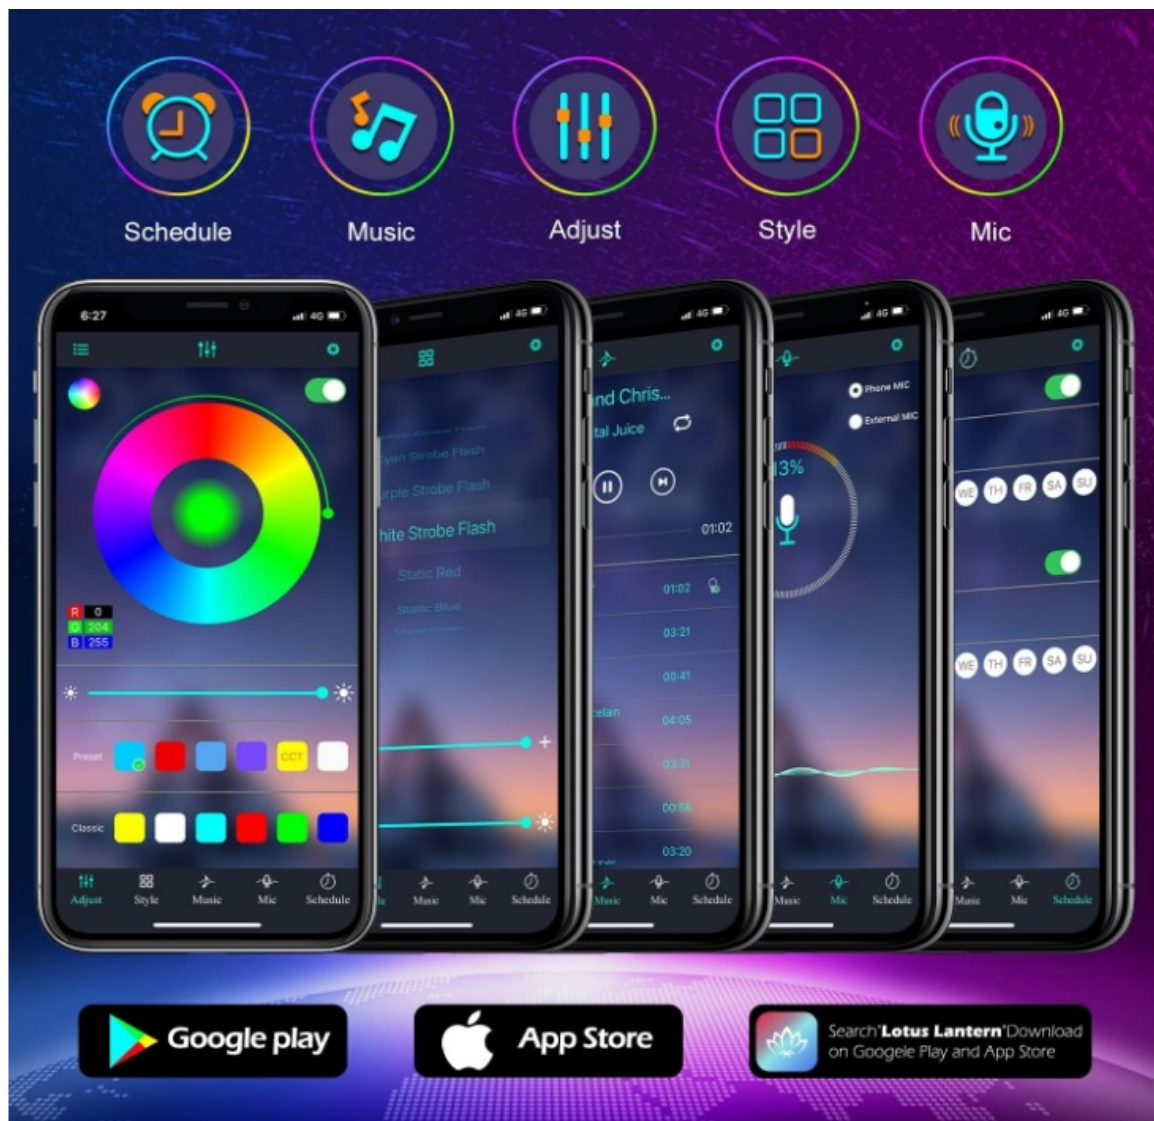

Please follow the instructions to install. You can quickly complete the installation.

**The power adapter is not waterproof**The power adapter should not be installed outdoors

**Cut the LED light strips**Installation instructions cut correctly, try not to cut

- **Remote Control:** Includes an upgraded 44-key IR remote for quick and convenient adjustments without needing the app.
- **Three-Button Switch:** Offers a simple, manual control option for fast changes whenever needed.
- **DIY Design:** Can be cut to fit your desired length, making it fully customizable for any space or layout.
- **Easy Installation:** Comes with fixing clips and screws, ensuring secure and hassle-free mounting.
- **Versatile Usage:** Ideal for courtyards, rooftops, gardens, pools, and other outdoor areas, enhancing every setting.
- **Energy Efficient:** Designed to consume low power while still providing bright, beautiful illumination, saving on electricity costs.
- **Durable Material:** Built from high-quality plastic for long-lasting performance and resilience against wear and tear.
- **Multiple Control Options:** Seamlessly switch between app, remote, or manual controls depending on your preference.
- **Customer Support:** Offers responsive assistance for installation guidance or any product-related inquiries, ensuring peace of mind.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Lights won't turn on	Power supply issue	Check connections and power source
Flickering lights	Loose connections	Secure all connectors

Issue	Possible Cause	Solution
No response from remote	Dead batteries	Replace remote batteries
App not connecting	Bluetooth interference	Move closer to the LED strip
Color mismatch	Incorrect settings	Adjust color settings in the app
Lights not syncing with music	Low microphone sensitivity	Increase microphone sensitivity in app
Dim lighting	Voltage drop	Use a compatible power supply
Overheating	Poor ventilation	Ensure adequate airflow around the strip
Uneven lighting	Damaged LEDs	Replace damaged sections
Water damage	Seal failure	Inspect and reseal waterproof connections
Shortened lifespan	Overuse	Implement on/off schedules via the app
App crashes	Outdated software	Update the 'Lotus Lantern' app
Remote not working	Obstructed signal	Remove obstacles between remote and strip
Strip not sticking	Dirty surface	Clean surface before installation
Inconsistent brightness	Overloaded circuit	Distribute load evenly across circuits

## PROS & CONS

### Pros:

- Extensive 100-foot length for large areas.
- High waterproof rating (IP68) for durability.
- Multiple control options (app, remote, manual).
- Music synchronization for dynamic lighting.
- Customizable length to fit specific spaces.

### **Cons:**

- Requires a stable Wi-Fi connection for app control.
- The remote control range may be limited.
- Installation may require additional tools.
- App compatibility issues with certain devices.
- Potential signal interference in areas with heavy electronic use.

## **WARRANTY**

The FBZ 100Ft Outdoor LED Strip Light comes with a **30-day** satisfaction guarantee. If you encounter any issues during installation or usage, the manufacturer offers a full refund within this period. For quality-related problems, customer support is available to resolve issues within 24 hours. It's advisable to retain your purchase receipt and register your product to facilitate warranty claims.

## **FREQUENTLY ASKED QUESTIONS**

What is the FBZ 100Ft Outdoor LED Strip Lights?

The FBZ 100Ft Outdoor LED Strip Lights is a waterproof RGB LED light strip designed for outdoor use with music sync functionality, app control, and remote operation, perfect for decks, gardens, roofs, and pools.

How do I install the FBZ 100Ft LED Strip Lights outdoors?

Installation is easy with the included fixing clips and screws. Attach the strips securely to surfaces like patios, roofs, or pool edges, ensuring the surface is clean and dry before mounting.

Can the FBZ 100Ft LED Strip Lights be cut to size?

The FBZ 100Ft LED Strip Lights feature a cuttable DIY design, allowing you to adjust the length to fit your specific outdoor space.

How do I control the FBZ 100Ft LED Strip Lights?

You can control the FBZ 100Ft LED Strip Lights using the 'Lotus Lantern' app, the included 44-key IR remote, or the three-button manual switch for multiple options.

Are the FBZ 100Ft Outdoor LED Strip Lights waterproof?

The FBZ 100Ft LED Strip Lights are IP68 rated, making them fully waterproof and suitable for outdoor use, even in rain or near pools.

Can the FBZ 100Ft LED Strip Lights sync with music?

Absolutely. The FBZ 100Ft LED Strip Lights have 29 dynamic modes that can sync with music, changing color and brightness with the rhythm.

What should I do if the FBZ 100Ft LED Strip Lights don't turn on?

Check that the power source is connected properly and the voltage matches (AC 120V). Ensure the strip is securely plugged into the controller and try the remote or app control.
