Easy user guide

Please confirm the contents of the package:

Portable 6 in 1 USB-C Hub x 1

Information for connecting

USB-C

Connect the USB-C to your devices without install any driver and use directly.

Note

1. Please connect the devices before USB-C PD charging, if you connect the PD first, you will not be able to detect the network or the external device. Please re-operate.
2. If the PD is not inserted, the external hard disk cannot be driven on the NB. The external temperature is about 40 degrees.
3. Please using a USB-C compliant charging device for USB-C PD.
4. The product should be placed in a cool and dry place, please avoid sunlight.

Cautions

- Use only original manufacturer's cable (that came with the device) or certified cables. Do not drop / Do not clean with any form of detergents.

- Do not disassemble / Do not place near heat sources (e.g., fire).
- Do not use under extreme heat or in direct sunlight (>45°C / 113°F) / The product should be placed in a cool and dry place, please avoid sunlight.

You make us better

We are very concerned your opinion, please fill the questionnaire in the QR code and let us have the opportunity to grow with you:

Warranty Conditions

A new product purchased in the Alza.cz sales network is guaranteed for 2 years. If you need repair or other services during the warranty period, contact the product seller directly, you must provide the original proof of purchase with the date of purchase. The following are considered to be a conflict with the warranty conditions, for which the claimed claim may not be recognized:

- Using the product for any purpose other than that for which the product is intended or failing to follow the instructions for maintenance, operation, and service of the product.
- Damage to the product by a natural disaster, the intervention of an unauthorized person or mechanically through the fault of the buyer (e.g., during transport, cleaning by inappropriate means, etc.).
- Natural wear and aging of consumables or components during use (such as batteries, etc.).
- Exposure to adverse external influences, such as sunlight and other radiation or electromagnetic fields, fluid intrusion, object intrusion, mains overvoltage, electrostatic discharge voltage (including lightning), faulty supply or input voltage and inappropriate polarity of this voltage, chemical processes such as used power supplies, etc.
- If anyone has made modifications, modifications, alterations to the design or adaptation to change or extend the functions of the product compared to the purchased design or use of non-original components.
