Quick Start Guide

User manual

Follow the steps below to quickly experience the basic features of Feiyu Pocket 3. Read the detailed manual for more usage of the camera. <https://www.feiyu-tech.com/feiyu-pocket-3/>

Download the App

Scan the QR code to download the App, or search for "FeiyuCam" in the App Store or Google Play.

Requires iOS 13.0 or above, Android 6.0 or above.

iOS

Android

Overview

Please tear lens film before using.

1. Power button
2. Screen
3. Microphone
4. USB-C charging port
5. Dovetail slot
6. Tilt axis
7. Camera lens
8. Pan axis
9. Shutter button/ Indicator
10. Gimbal mode button
11. Roll axis
12. MicroSD card slot
13. Magnetic base

Start to use

Charging

Connect USB-C cable with charging port to charge Feiyu Pocket 3.

We recommend that you charge your camera at least once a month.

Charging Status	While Working (Screen status)	While OFF (Indicator status)
Charging	 Display	Red light is on
Complete	 Disappear	Light is of

Insert microSD card

An UHS – I Speed Grade 3 (U3) rating microSD card (equipped by user) is required.

Please format the microSD card with Feiyu Pocket 3 when insert it at the first time.

Mount the expansion base

Slide the magnetic base (the bottom part of Feiyu Pocket 3) into the expansion base as shown in the figure. Use the expansion base to install tripod, wristband, etc.

Usage for protective cover

When not in use, please cover the gimbal with the protective cover.

Hold the two sides of protective cover (which have an opening) firmly, and push it down to cover the camera (As the picture shown at right). Reveal the charging port through the opening which is larger.

Pull the protective cover up in the same way in opposite direction to take it down.

Button operation

2. Expansion base x 1

3. Tripod x 1

4. Protective cover x 1

5. USB-C cable x 1

6. Wristband x 2

7. Portable bag x 1

8. Manual x 1

FCC regulatory conformance:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in

accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

NOTE

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF Exposure

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This document is subject to change without notice.

Warranty Card

Product Model :

Serial Number :

Purchase Date :

Customer Name :

Customer Tel :
