**FISHER AND PAYKEL CI302DTB4 30cm 2 Zone Induction Hob with SmartZone**

## Specifications

- **Accessories (sold separately):** Joiner kit Part 534731 (required to join two cooktops)
- **Cleaning:** Flat easy clean glass surface
- **Controls:** Auto cut-off timer for each zone, Minute timer, Soft-touch electronic controls, Touch and slide controls
- **Performance:** Auto heat reduce, Gentle heat, Heat settings, Induction cooking technology, PowerBoost, SmartZone, Zone bridging
- **Power requirements:** Supply voltage 220 – 240 V
- **Product dimensions:** Depth 530 mm, Height 54 mm, Width 300 mm
- **Safety:** Individual hot surface indicators, Keylock, Pan detection system, Safety time out, Spillage auto off, Surface hot indicators
- **Warranty:** Parts and labor
- **Zone ratings:** Left front 2100W, Left front zone (PowerBoost set) 3700W, Left rear 2100W, Left rear zone (PowerBoost set) 3700W
- **Zones:** Number of zones 2
- **SKU:** 81975

## Product Usage Instructions

### Complementary Design

The hob features a subtle black glass and durable matte black detailing designed to pair with the Minimal style Series 7 Ovens for a cohesive kitchen design.

### Enhanced Features

Utilize PowerBoost for very high heat and GentleHeat for very low heat. The integrated timer ensures precise cooking results.

### Instant Response

Adjust the temperature from boil to simmer instantly with Touch&Slide controls for efficient cooking.

### **Easy Cleaning**

The flat easy clean glass surface makes cleaning hassle-free after cooking sessions.

### **Superior Efficiency**

Induction cooking is energy-efficient as it heats only the cookware, not the hob surface, reducing heat wastage.

### **Large, Flexible Cooking Area**

Use SmartZone to link two cooking zones for handling larger pans and food items like whole fish with ease.

Enjoy the ability to create a large cook zone with SmartZone, or to match with a two-burner gas hob.

- Immediate heat response and extremely accurate temperature control
- Cooktop remains cool to touch until a pot or pan is placed on the surface
- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute
- Easily control each cook zone with Touch&Slide, including pairing cook zones to create a large SmartZone

## **DIMENSIONS**

- **Height** 54 mm
- **Width** 300 mm
- **Depth** 530 mm

## **FEATURES & BENEFITS**

### **Complementary Design**

The subtle black glass and durable matte black detailing are designed to pair with the Minimal style Series 7 Ovens. With premium styling and detailing, these hobs seamlessly blend with other appliances for a cohesive, considered kitchen design.

### **Enhanced Features**

PowerBoost and GentleHeat deliver either very high or very low heat, fast. Perfect for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer ensures a great result every time

### **Instant Response**

Go from a boil to a simmer in seconds. Touch&Slide controls react immediately when you adjust the temperature so you don't waste time in the kitchen.

### **Safer Choice**

Induction hobs only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it – so you don't have to worry about curious little fingers or leaving a cook surface on.

### **Easy Cleaning**

The surface around your cookware stays cool when you cook – preventing baked-on spills and making cleaning up a breeze. The ceramic hob surface, including anodised detailing for durability, just needs a quick wipe after use to maintain its good looks.

### **Superior Efficiency**

Less heat is wasted during induction cooking because only the cookware is heated, not the hob surface. This makes induction cooking more energy-efficient than electric or gas hobs.

## **Large, Flexible Cooking Area**

SmartZone links two cooking zones and controls them as one, giving you the flexibility to use large pans and griddles and easily handle bigger food items such as a whole fish.

## **SPECIFICATIONS**

### **Accessories (sold separately)**

- Joiner kit Part 534731 (required to join two cooktops)

### **Cleaning**

- Flat easy clean glass surface •

### **Controls**

- Auto cut-off timer for each zone •
- Minute timer •
- Soft-touch electronic controls •
- Touch and slide controls •

### **Performance**

- Auto heat reduce •
- Gentle heat •
- Heat settings 9
- Induction cooking technology •
- PowerBoost •
- SmartZone •
- Zone bridging •

### **Power requirements**

- Supply voltage 220 – 240 V

### **Product dimensions**

- Depth 530 mm
- Height 54 mm
- Width 300 mm

### **Safety**

- Individual hot surface indicators •
- Keylock •

- Pan detection system •
- Safety time out •
- Spillage auto off •
- Surface hot indicators •

## Warranty

- Parts and labour 5 years

## Zone ratings

- Left front 2100W
- Left front zone (PowerBoost set) 3700W
- Left rear 2100W
- Left rear zone (PowerBoost set) 3700W

## Zones

- Number of zones 2

## SKU

81975

## Where applicable:

- All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use

energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

- Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.

## FAQs

### Q: Can I use induction-compatible cookware on this hob?

A: Yes, ensure your cookware is suitable for induction cooking to utilize this hob effectively.

### Q: How do I activate the PowerBoost feature?

A: To activate PowerBoost, simply select the desired cooking zone and press the PowerBoost button to bring liquid to a boil quickly.

### Q: Is the hob surface safe to touch when not in use?

A: Yes, the hob surface remains cool to touch until a pot or pan is placed on it, ensuring safety during operation.
