## CI604DTB4 60cm 4 Zone Induction Cooktop with SmartZone

---

### Specifications

- **Product Model:** CI604DTB4

- **Type:** 60cm Series 7 4 Zone Induction Cooktop, 2 SmartZones
  - **Dimensions:**
    - Height: 54 mm
    - Width: 600 mm
    - Depth: 530 mm
  - **Power Requirements:**
    - Maximum Power: 7 kW
    - Supply Voltage: 220 – 240 V
  - **Zone Ratings:**
    - Left Front Zone (PowerBoost set): 2100W (3700W)
    - Left Rear Zone (PowerBoost set): 2100W (3700W)
    - Right Front Zone (PowerBoost set): 2100W (3700W)
    - Right Front Zone 2 (PowerBoost set): 2100W (3700W)
    - Right Rear Zone (PowerBoost set): up to 3700W
  - **Number of Zones:** 4
  - **SKU:** 81977
- 

## Product Usage Instructions

### 1. PowerBoost and GentleHeat Features

The PowerBoost feature delivers very high heat for tasks like searing meat, while GentleHeat provides low heat for delicate tasks like melting chocolate.

### 2. Instant Response

This cooktop allows you to switch from boiling to simmering instantly. The Touch&Slide controls respond immediately to temperature adjustments for efficient cooking.

### 3. Superior Efficiency

Induction cooking technology ensures that only the cookware is heated, making it more energy-efficient compared to electric or gas cooktops.

## **4. Large, Flexible Cooking Area**

The SmartZone feature links two cooking zones to create a larger cooking area, suitable for accommodating big pans and food items like whole fish.

---

## **Frequently Asked Questions (FAQ)**

### **Q: Is the cooktop surface easy to clean?**

A: Yes, the cooktop features a flat easy-clean glass surface, making cleaning a breeze.

### **Q: Can I control each cook zone individually?**

A: Yes, you can easily control each cook zone using the Touch&Slide controls, and even pair them to create a SmartZone for larger cooking tasks.

### **Q: What safety features does the cooktop have?**

A: The cooktop includes safety features like Keylock, Pan detection system, Safety time out, and Spillage auto off for added peace of mind during use.

## QUICK REFERENCE GUIDE > CI604DTB4

60cm Series 7 4 Zone Induction Cooktop, 2 SmartZones

Series 7 | Minimal

This Series 7 cooktop is a joy to use, with the instant response and energy efficiency of induction technology.

Immediate heat response and extremely accurate temperature control Cooktop remains cool to touch until a pot or pan is placed on the surface PowerBoost activates a very high heat, bringing liquid to boil in less than a minute

Easily control each cook zone with Touch&Slide, including pairing cook zones to create a large SmartZone.

DIMENSIONS

Height Width Depth

## FEATURES & BENEFITS

**Complementary Design** The subtle black glass and durable matte black detailing are designed to pair with the Minimal style Series 7 Ovens. With premium styling and detailing, these cooktops seamlessly blend with other appliances for a cohesive, considered kitchen design.

Date: 02.07.2025 > 1

**Enhanced Features** PowerBoost and GentleHeat deliver either very high or very low heat, fast. Perfect for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer ensures a great result every time

**Instant Response** Go from a boil to a simmer in seconds. Touch&Slide controls react immediately when you adjust the temperature so you don't waste time in the kitchen.

**Safer Choice** Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it so you don't have to worry about curious little fingers or leaving a cook surface on.

**Easy Cleaning** The surface around your cookware stays cool when you cook preventing baked-on spills and making cleaning up a breeze. The ceramic cooktop surface, including anodised detailing for durability, just needs a quick wipe after use to maintain its good looks.

**Superior Efficiency** Less heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.

**Large, Flexible Cooking Area** SmartZone links two cooking zones and controls them as one, giving you the flexibility to use large pans and griddles and easily handle bigger food items such as a whole fish.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions.

Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
