## Product Usage Instructions

### Placement and Installation:

The 60cm Built-in Coffee Maker is designed for compact kitchens and can be placed almost anywhere. Ensure proper ventilation and follow installation guidelines for optimal performance.

### Preparing Your Coffee:

1. Fill the coffee bean container with your preferred coffee beans.
2. Select your desired coffee type and adjust the settings for coffee strength and cup size using the high-resolution touch display.
3. If using pre-ground coffee, ensure to follow the instructions for the appropriate compartment.

## **Cleaning and Maintenance:**

1. Regularly empty the drip tray and grounds container.
2. Utilize the self-cleaning function as needed to maintain optimal performance.
3. Refer to the user manual for detailed instructions on descaling and other maintenance tasks.

## **FAQs**

Q: Can I program the Coffee Maker to start brewing at a specific time?

A: Yes, you can program your Coffee Maker to start at the same time each day to have your favorite coffee ready when you need it.

Q: How many coffee options are available with this Coffee Maker?

A: The Coffee Maker offers 13 different choices ranging from Espresso to Latte to suit your preferences.

Q: Is the Coffee Maker compatible with ground coffee?

A: Yes, the Coffee Maker can also make coffee using pre-ground coffee besides coffee beans.

Our built-in coffee maker pours a delicious coffee, however you take it. Pairs perfectly with 60cm ovens and companion products.

- Barista-standard coffee just the way you like it, with 13 options from Flat White to Latte or Americano
- Your favourite coffee can be memorized and set to start at the same time each day, so it's ready when you are
- With self-cleaning function for an effortless clean
- Part of our suite of companion products, designed to match aesthetically for flexible configurations.

## **DIMENSIONS**

- Height 458 mm
- Width 596 mm
- Depth 480 mm

## FEATURES & BENEFITS

- **Sized To Suit**

This 60cm Built-in Coffee Maker is perfect for the compact kitchen and can be placed virtually anywhere. Companion products share standard dimensions and can be installed in multiple configurations to suit your kitchen design and preference.

- **Coffee Choice**

Your Coffee Maker has 13 different choices to suit your taste and selection – from Espresso to Latte.

- **Barista-Style Coffee**

The conical burr grinder delivers a consistent grind for the perfect coffee. Set it to suit your preference.

- **Self-Cleaning**

The Coffee Maker has a self-cleaning function and comes with a removable drip tray and a waste container for used coffee grounds.

- **Personalise Your Cup**

Program your Coffee Maker to start up at the same time every day and make your favorite coffee.

- **Beauty Of Choice**

With the choice of stylish stainless steel or elegant black trim, our Companion products help you achieve a coherent kitchen aesthetic that suits your design style.

## Where applicable

- All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
- Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
