**RIV3-365 Induction Range**

With intuitive touchscreen, induction cooktop and a convection oven with 15 functions, cooking on this refined range is a joy.

- Guided cooking using your touchscreen makes it simple to cook by food, function or recipe.
- Five induction cooking zones, which can be paired to form two large Smart Zones
- 4.8 cu ft total oven capacity
- Beautiful LED halo-illuminated dials provide information at a glance

**DIMENSIONS**

Height	35 3/4 – 36 3/4"
Width	35 7/8"
Depth	29 1/8"

**FEATURES & BENEFITS**

**COOK WITH CONFIDENCE**

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you’ve been cooking all your life or just starting out. Cook with a favorite method, a hero ingredient, or a go-to cooking function or recipe. The screen tilts for improved ergonomics and optimal visibility while cooking.

**GENEROUS CAPACITY**

Featuring a large 4.8 cu ft total capacity convection oven, with enough room to fit a 32 lb turkey and full-size baking sheets.

**COOKING FLEXIBILITY**

No matter what you’re cooking, you’ve got the right heat to get perfect results. Each of the 15 oven functions have been extensively researched and carefully designed to cater to a broad range of dishes and cooking styles. The handy food probe helps you monitor your progress.

**COOKTOP POWER**

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer to perfection. Since most of the heat generated by the cooktop is transferred into cookware, induction offers an energy efficient cooking option.

**DESIGN QUALITY**

This range has craftsmanship in every detail, with real stainless steel, high-quality glass, and beautifully weighted, halo illuminated dials. Each cavity features incandescent lights and full extension telescopic racks. From the robust legs to the powerful cooktop, this Range is built to last.

**EASY TO CLEAN**

The oven features a self-cleaning function and self-clean proof side racks, which don’t need to be removed when using this function. The durable induction cooktop surface only needs a quick wipe after use to keep it clean.
