FISHER & PAYKEL

FISHER PAYKEL AHP3RD3684WDC Professional Round Flush Handle Kit

Product Information

Specifications:

- Product Name: Professional Round Flush Handle Kit for Integrated Refrigerator Freezer, 36
- SKU: 26777
- Material: Stainless steel with PVD coating
- Finish: Brushed satin with dark copper off-stands
- Quantity: Two pieces supplied
- Designed for: Integrated Refrigerator Freezer, 36

Product Usage Instructions

1. Identify the location on your Integrated Refrigerator Freezer, 36 where the handle kit will be installed.
2. Remove any existing handles or hardware from that location if needed.
3. Take the two pieces of the handle kit provided.
4. Align the holes on the handles with the pre-drilled holes on the refrigerator door or drawer front.
5. Secure the handles in place using the appropriate screws or fasteners.
6. Ensure the handles are firmly attached and provide a secure grip for opening and closing the appliance.
7. Check the alignment and adjust if necessary to ensure a uniform look across the appliance.

Frequently Asked Questions (FAQ):

- **Q: Can this handle kit be used on other refrigerator models?**

A: This handle kit is specifically designed for use with the Integrated Refrigerator Freezer, 36. It may not be compatible with other models.

- **Q: How should I clean and maintain the handle kit?**

A: Use a soft cloth and mild soapy water to clean the handle kit. Avoid abrasive cleaners that may damage the finish. Regularly check the screws for tightness to prevent loosening over time.

- **Q: Are installation tools included with the handle kit?**

A: Installation tools such as screws or fasteners required for securing the handle kit are typically included. However, you may need additional tools like a screwdriver for installation.

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

Where applicable:

- All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
- Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
