FISHER PAYKEL CI152DB1 Auxiliary Modular Induction Cooktop with SmartZone

Product Information

The Auxiliary Modular Induction Cooktop is a compact and innovative cooking solution designed to seamlessly pair with Fisher & Paykel's Primary Induction Cooktop. It features precise induction technology and a minimal black design, making it a stylish addition to any kitchen. The cooktop offers immediate heat response, accurate temperature control, and the ability to pair zones to create a large SmartZone. The sleek black glass finish adds a touch of elegance to the cooktop, while the single surface finish makes it easy to clean. The cooktop remains cool to touch until a pot or pan is placed on the surface.

Product Dimensions:

- Height: 2 5/16 inches
- Width: 15 3/16 inches
- Depth: 20 7/8 inches

Specifications:

- Accessories (sold separately): Wireless temperature sensor (WTSC1)
- Product dimensions: Depth: 20 7/8 inches, Height: 2 5/16 inches, Width: 15 3/16 inches

Note: The product dimensions and specifications mentioned above apply to the specific product and model.

Product Usage Instructions:

1. Ensure that the Auxiliary Modular Induction Cooktop is placed on a stable and heat-resistant surface. Connect the cooktop to a power source using the provided power cord.
2. Turn on the cooktop by pressing the power button.
3. Select the desired cooking zone by pressing the corresponding zone button.
4. Adjust the temperature using the temperature control buttons.
The cooktop offers precise temperature control for accurate cooking.
5. To create a large SmartZone, pair two zones together by following the manufacturer's instructions.
6. Place a compatible pot or pan on the selected cooking zone. The cooktop will only activate when a pot or pan is detected.
7. Monitor the cooking process and adjust the temperature as needed.
8. After use, turn off the cooktop by pressing the power button.
9. Allow the cooktop to cool down before cleaning. Use a damp cloth or sponge to wipe the surface. Avoid using abrasive cleaners or materials that may damage the cooktop.

For more detailed usage instructions and safety information, please refer to the user manual provided with the product.

Fusing precise induction technology with innovative design, this compact Auxiliary Induction Cooktop is designed to seamlessly pair with our Primary Induction Cooktop.

- Part of our unique modular cooking solution. Pair with a primary cooktop for the ultimate cooking experience
- Immediate heat response and accurate temperature control. Pair zones to create a large SmartZone
- Minimal style to fit any kitchen design, with a sleek black glass finish
- Cooktop remains cool to touch until a pot or pan is placed on the surface
- Easy-to-clean single surface finish
