FEATURES & BENEFITS

Achieve the invisible

This high-quality integrated range hood seamlessly blends behind cabinetry in a variety of kitchen layouts. Beautiful in its simplicity this product has brushed finished surfaces with no visible screws.

Edge-to-edge extraction

Filters effectively reach edge to edge, which maximizes the amount of extraction area.

Full surface lighting

The even lighting provides full coverage of the cooktop, illuminating food in its true color, with no hot or dark spots and no glare or shadows. The dimmable lights have fade-in and fade-out features.

Easy to use

This easy-to-use range hood operates with fingertip control of LED-illuminated soft touch buttons. Selected models also come with remote control.

Energy efficiency

Powered by a brushless DC motor, the Insert Range Hood operates more efficiently, more reliably, and with less noise than units with AC motors. Plus, fewer moving parts mean less erosion and a longer lifetime.

Effortless cleaning

The stainless steel filters are easy to remove and are dishwasher safe. A self-contained grease tray within the filters makes them very easy to clean.

Simple installation

The simple installation process is compatible with most precut cabinetry. The adjustable mounting system can be installed with 5/8" to 9/16" cabinetry board.

SPECIFICATIONS

Accessories	
Remote control	HPBRF1 Part number 50137
