DIMENSIONS

Height 18 3/16"

Width 34 5/8"

Depth 18 7/8"

FEATURES & BENEFITS

Achieve the invisible

This high quality integrated range hood seamlessly blends behind cabinetry in a variety of kitchen layouts. Beautiful in its simplicity, this product has brushed finished surfaces with no visible screws.

Edge to edge extraction

Filters effectively reach edge to edge, which maximizes the amount of extraction area.

Full surface lighting

The even lighting provides full coverage of the cook top, illuminating food in its true color, with no hot or dark spots and no glare or shadows. The dimmable lights have fade in and fade out features.

Easy to use

This easy to use range hood operates with fingertip control of LED-illuminated soft touch buttons. Selected models also come with a remote control.

Energy efficiency

Powered by a brush less DC motor, the Insert Range Hood operates more efficiently, more reliably and with less noise than units with AC motors. Plus, fewer moving parts mean less erosion and longer lifetime.

Effortless cleaning

The stainless steel filters are easy to remove and are dishwasher safe. A self-contained grease tray within the filters makes them very easy to clean.

Simple installation

The simple installation process is compatible with most precut cabinetry. The adjustable mounting system can be installed with 5/8" to 9/16" cabinetry board.
