Salt Chunks Box Assembly/Disassembly Instructions

- Installation: Take the salt chunks box out of the packaging and align it with the top of the speaker, then place it

down.

- Disassembly: Just lift the salt chunks box off the top of the speaker.

Salt Chunks Usage Instructions

1. Take the salt chunks out of the white box and place them one by one into the box.
2. Add a few drops of concentrated essential oil to the salt chunks. (Rinse the salt chunks once a month and let them dry before reusing.)

Lanyard Installation Instructions

Pass the lanyard through the two holes on the side.

Thread the longer end through the loop of the shorter end, then gently pull to tighten the lanyard.

Power Indicator/Charging Instructions

Safety Precautions (Please read carefully and follow strictly)

1. Please don't subject the unit to severe impacts.
2. Please avoid contact with chemicals such as benzene or solvents.
3. Please keep away from strong magnetic fields and electric fields.
4. Please avoid direct sunlight or heat sources.
5. Please don't disassemble, repair, or modify the device yourself.
6. Please avoid listening at high volumes to prevent hearing damage.
7. Please dispose of packaging, batteries, and old electronic products responsibly and separately.
8. When the battery is low, the system will shut down automatically.
9. Please charge it promptly. If not used for an extended period, charge it at least once a month to protect the battery and extend its lifespan.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. such modifications could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement.

This equipment complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna(s) must not be co-located or in conjunction with any other antenna or transmitter.
