**0693 2 Player Laser Tag Shooting Game**

## 2 PLAYER LASER TAG SHOOTING GAME

### Instructions For Use

Thank you for choosing our product, we hope you enjoy it.

The enclosed instructions contain important safety information. Please read carefully before use and retain for future reference.

### Setting Up

Remove both Laser Tags from the packaging.

Turn the power switches on both Laser Tags to the ON position.

Point Laser Tag 1 at Laser Tag 2 and press and hold the RESET button. A bleep noise will occur and all three lights will light up on Laser Tag 2. This now indicates that Laser Tag 2 is now active and ready for use.

Repeat this step by pointing Laser Tag 2 at Laser Tag 1 to set up Laser Tag 1.

### How To Play

Once activated, both Laser Tags will be loaded with five shots and six lives.

To score a hit against your opponent, aim your Laser Tag at the centre of their Laser Tag and press the fire button. A direct hit will result in your opponent losing one life, indicated by a noise and one of their 3 lights flashing. When the Laser Tag is hit again, there will be another noise and the flashing light will go out. The next hit will result in the same noise and the next light flashing. The process is repeated until all the lights are out.

Once all lives have been lost, the Laser Tags will be disabled and have to be reset again as the instructions in 'Setting Up'.

After firing your Laser Tag 5 times, it will need to be reloaded before it can be used again. To reload your Laser Tag, simply press the reload button.

Shooting range – up to 8 metres. The greater the distance, the greater your accuracy must be.

### Care Instructions

Switch OFF the Laser Tags when not in use.

#### **WARNING!**

Not suitable for children under 8 years.

Keep out of the reach of very young children.

**WARNING:** Dispose of used batteries immediately. Keep new and used batteries away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

## BATTERY INSTRUCTIONS:

Requires 3 X LR44, 1.5V batteries (Included)

## HOW TO INSERT BATTERIES:

Unscrew the battery cover using a screwdriver. Insert fresh batteries following the polarity marked on the product. Replace the cover and secure with a screwdriver. Different types of batteries (i.e. Alkaline and Zinc) or new and used batteries not to be mixed. Only batteries of the same equivalent type as recommended are to be used.

Batteries are to be inserted with the correct polarity.

Exhausted batteries are to be removed from the product. If using rechargeable batteries, charge under adult supervision and remove before charging. Non rechargeable batteries are not to be recharged. The supply terminals are not to be shortcircuited. Do not throw batteries into a fire. Batteries should never be left in the product when not in use for a long period of time.

WEEE product should be disposed of by handing it over at a designated collection point. For more information about where you can drop off your waste product for recycling please contact your local authority. For indoor use only. Read the instructions carefully before use and retain this information for future reference.
