**FLEXISPOT PS015B Clamp Power Strip With USB**

## Product Information

The Clamp Power with USB (PS015B/PS015W) is a power strip with three outlets and two USB ports. It has a maximum power rating of 1875W and a cord length of 5.9ft. The USB ports are of type A+C and have a total output of DC5V, 3.1A. The dimensions of the power strip are 8.66 inches by 8.0 inches by 7.38 inches.

## Product Usage

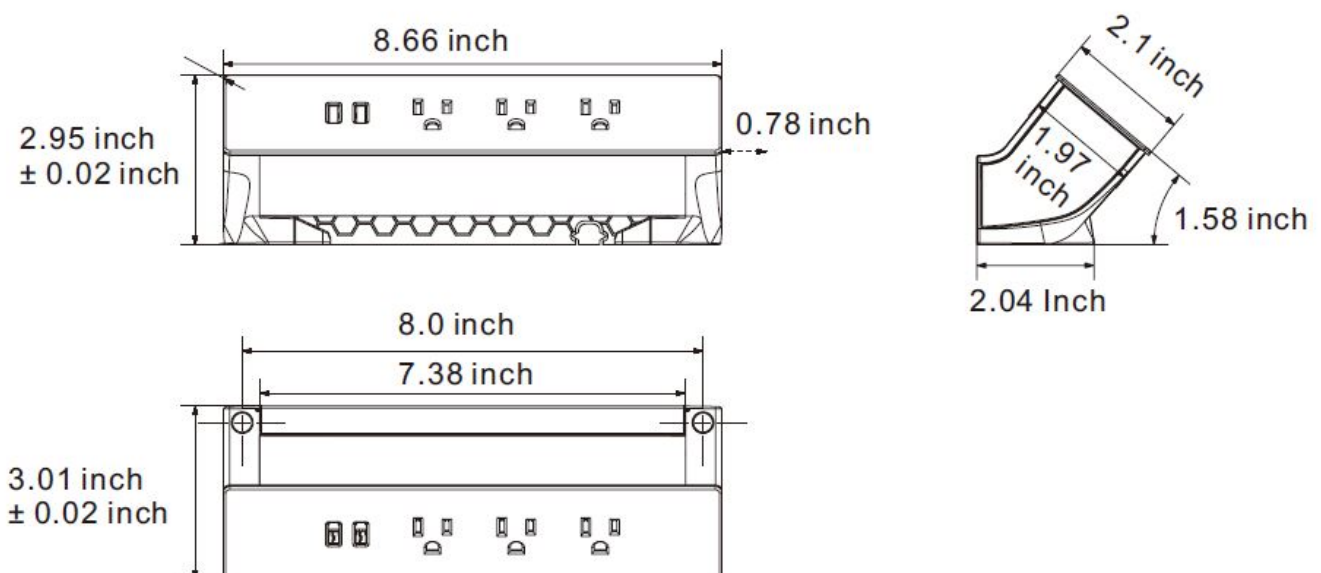

1. Choose a proper location on your desktop for the power strip.
2. Fix the two clips of the power strip onto the chosen location using screws.
3. Plug any screw holes on the power strip.
4. Assemble the back cover of the power strip.
5. Plug in your devices to the power strip's outlets or USB ports.

**Note:** Do not overload the power strip with devices that exceed its maximum power rating of 1875W.

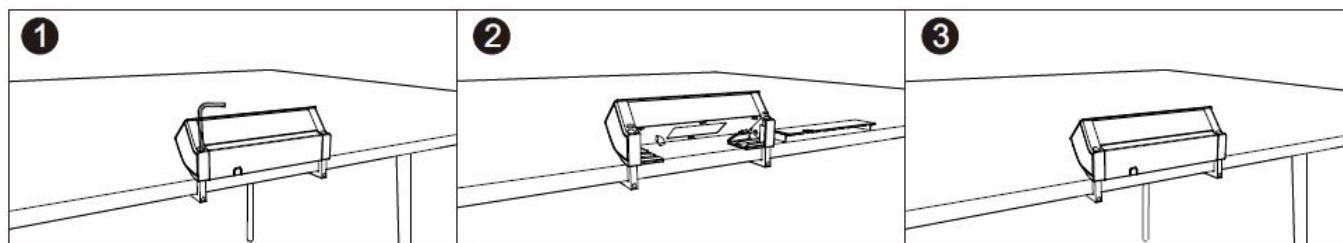

## SPECIFICATIONS
