 - Digital manual

Scan the QR code or go to flinqproducts.nl/registration

- Please read this manual thoroughly before using the product! Keep it at a safe place for future reference. This product can be used indoors (see below for more info).
- This appliance may be used (but not installed) by children aged 12 and over, and by persons with reduced physical, sensory or mental capacities or a lack of sufficient experience and/or knowledge, provided they are supervised or have been trained in the safe use of the appliance and understand the potential dangers.
- Cleaning and maintenance must not be carried out by children without supervision. Children must not be allowed to play with the appliance.
- Keep the packaging material away from children. There is a risk of suffocation!
- Do not allow unsupervised children to clean or maintain this device.

Warning

- Do not leave packaging material lying around carelessly. This may become dangerous playing material for children. Risk of suffocation!
- Danger due to swallowing small parts. Keep these away from children. Risk of suffocation!
- Dispose the packaging material immediately according to locally applicable regulations.
- Do not modify the product in any way. Doing so will void the warranty.
