Mop Features

Charging the Mop

NOTE: Charge for 90 minutes before first use.

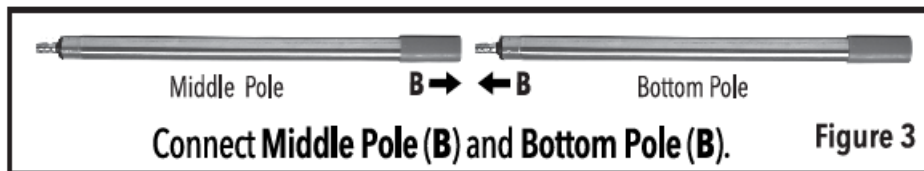

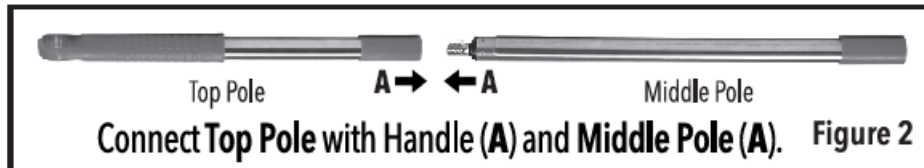

1. To charge the mop, simply plug the AC Adaptor into any standard US electrical outlet. Open the tab on the Recharging Port located on the Mop Base Plug the adaptor into the Recharging Port
2. The red light on the Mop Base indicates that the mop is in the charging mode.
3. Allow mop to charge for 90 minutes. The Red Recharging Indicator Light will turn off once the mop has been fully charged.

How To Assemble the Mop

Before assembling, please make sure you have all parts listed on the previous page.

Important: The Top Pole and Middle Pole have the same internal black threading inside their grip handles. The Bottom Pole will show blue threading inside.

1. Screw the Top Pole with handle onto the Middle Pole tightly by holding the Middle Pole. Grasp the Top Pole above the Grip Handle, turn the Top Pole clockwise, connecting until you hear it CLICK between 3-5 times
2. Attach the Bottom Pole to the Middle Pole by holding the Bottom Pole Grip Handle and turning the Middle Pole clockwise, turning until you hear it click 3-5 times

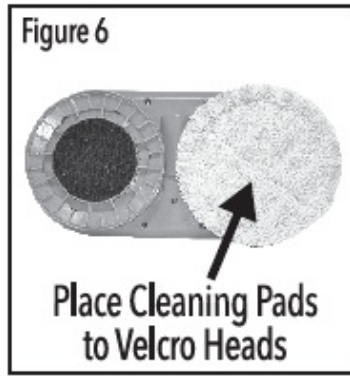

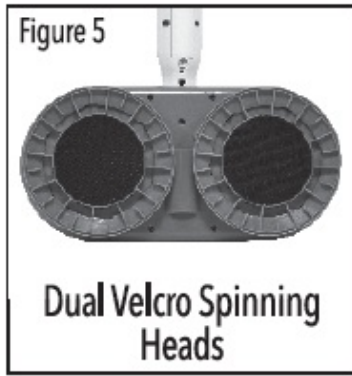

Now you can screw the assembled Top, Middle and Bottom Pole sections into the Mop Base by holding and turning clockwise into the Mop Base. The Mop Base is now locked into place and ready for use.

How To Operate Mop

1. The Light Green Microfiber Pads are pre-applied for use. To apply other pads, turn over the Mop Base. Place desired Reusable Cleaning Pads (scrubbing pads for tough cleaning jobs, microfiber pads for themessy cleaning jobs and the polishing pads to shine your floors) b centering each pad over the velcro areas on the bottom of the Mop Base Press to secure into place You can now spray each pad with water or your favorite cleaning solution
2. Turn the unit ON by pressing the On/Off Button located on the Mop Base. Do not apply pressure, too much pressure will slow the motor. You are now ready to clean or polish your floor.
3. When finished, push on the ON/OFF Button again to turn off the mop.
4. To stand the mop handle up, simply push it against the Mop Base to lock into position

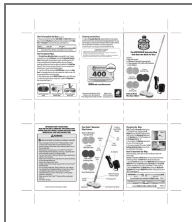

Cleaning Instructions

1. To clean the Reusable Mop Pads, simply throw them in the washing machine on gentle cycle. Use warm water and regular detergent. You may also add regular or color safe bleach if desired. DO NOT use fabric softeners. You can dry the pads in the dryer on low cycle or simply air dry.
2. Store the mop in a cool dry place to ensure the life of the mop.
