Important Safety Information:

Warning: FLUENTPET HEXTILES AND SOUND BUTTONS ARE NOT DESIGNED FOR UNSUPERVISED USE BY PETS.

If sound buttons are chewed on, they can break apart and create sharp plastic parts or expose the batteries within them, both of which can lead to internal injury if ingested. Although the batteries are properly secured within the sound button, if your pet's chewing breaks apart the button, the batteries can be ingested and cause harm.

Note: If parts of a sound button are swallowed,immediately call the battery ingestion hotline at [insert hotline number] for assistance.

Product Warranty Information:
At FluentPet, we stand behind our products.

Please visit www.fluent.pet/pages/warranty for details on our warranty policy.

Ease your learner's transition from larger sound buttons to the space-saving FluentPet Sound Buttons. You can use both FluentPet buttons and large buttons (3.5 in /89 mm) on the same FlexTile
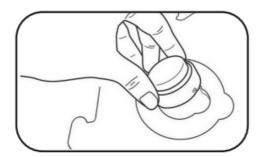

Before using, remove and discard outer foam border.

IMPORTANT SAFETY INFORMATION:

FLUENTPET FLEXTILES AND SOUND BUTTONS ARE NOT DESIGNED FOR UNSUPERVISED USE BY DOGS (OR CATS). BY USING THIS PRODUCT YOU ARE AGREEING TO SUPERVISE YOUR DOG (OR CAT) IN THEIR USE OF THE SOUND BUTTONS AND FLEXTILES.

If sound buttons are chewed on they can break apart and create sharp plastic parts or expose the batteries within them, both of which can lead to internal injury if ingested. Although the batteries are properly secured within the sound button, if your dog's chewing breaks apart the button, the batteries can be ingested and cause injury.

DO NOT USE THIS PRODUCT IF YOUR DOG (OR CAT) IS LIKELY TO TRY TO CHEW ON IT.

According to the National Capital Poison Center: "Most button battery ingestions are benign,passing through the gut without a problem." However, if button batteries get stuck in the esophagus DAMAGE CAN OCCUR. More information can be found at https://www.poison.org/articles/button-batteries.

If parts of a sound button are swallowed, immediately call the battery ingestion hotline at +1 800-498-8666. The sound buttons contain three (3) 1.5 Volt AG13/ LR44 alkaline manganese dioxide batteries.

Other battery-containing items to be aware of include: remote controls, garage door openers,keyless entry fobs, toys, calculators, hearing aids, flash and pen lights, flashing shoes, laser pointers,toothbrushes, keychains, flashing or lighted jewelry or attire, and watches.

At FluentPet, we stand behind our products. Please go to for details on our warranty.

FAQ

Q: Can the sound buttons be replaced?

A: Yes, the sound buttons can be replaced. Please contact customer support for assistance in acquiring replacement parts.

Q: How do I clean the HEXTILES?

A: To clean the HEXTILES, gently wipe them with a damp cloth.

Avoid using harsh chemicals or submerging them in water.
