# Warranty Information

## WARRANTY COVERAGE AT-A-GLANCE

Extended warranty coverage periods are available for certain vehicle parts and conditions and purchasing entities.

Specifically, your vehicle's Power train components are covered for five years or 100,000 kilometers, whichever occurs first. The extended coverage applies to supports, seals and gaskets, universal and constant velocity joints.

Four-Wheel/All Wheel Drive: axle shafts, bearings (front and rear), center support bearing, drive shafts, final drive housing(including all internal parts), hubs-automatic front locking (four-wheel drive), locking rings (four-wheel drive), seals and gaskets, universal and constant velocity joints.

**NOTE:** Certain commercial customers with a valid Fleet Identification Number (FIN Code) are eligible for a five year / 160,000 kilometres limited gas powertrain warranty on the following vehicles: E-Series, F-150 (Excluding Raptor), Super Duty(F-250 through F-600) pickup and chassis cabs, Transit and Transit Connect. Vehicle must be reported as a sales type “fleet” at original time of sale. To become a Canada Ford Fleet Account, for vehicles which are owned and operated in Canada, you must register for a Canada Fleet Identification Number (FIN Code).

You will also be asked to provide proof of eligibility documentation for the vehicles in your fleet. To see if you qualify, please see the eligibility restrictions at

<https://www.fleet.ford.ca/get-started/>.

## **YOUR FORD NEW VEHICLE LIMITED WARRANTY**

Ford Motor Company of Canada, Limited (Ford of Canada) warrants that its authorized dealers will repair, replace or adjust those parts on Ford cars and light trucks, that are found to be defective in materials or workmanship made or supplied by Ford for the coverage periods described in the Warranty Information section of this Warranty Guide.

## **WHO IS AUTHORIZED TO DO WARRANTY REPAIRS?**

You must take your vehicle to an authorized Ford or Ford Lincoln dealer for warranty repairs. While any Ford or Ford Lincoln dealership handling your vehicle line will provide warranty service, we recommend you return to your selling dealer.

Please note that certain warranty repairs require special training and/or equipment, so not all dealers are authorized to perform all warranty repairs. This means that, depending on the warranty repair needed, you may have to take your vehicle to another dealer. In certain instances, Ford may authorize that your vehicle be repaired at a repair centre other than a Ford or Ford Lincoln dealer facility.

A reasonable time must be allowed to perform a repair after taking your vehicle to the dealership. Repairs will be made using Ford or Motorcraft® Parts, or remanufactured or other parts that are authorized by Ford.

## **WHO PAYS FOR WARRANTY REPAIRS?**

Ford of Canada covers the cost of warranty repairs performed under the New Vehicle

Limited Warranty Coverage during the “time and distance travelled” limits of the New Vehicle Limited Warranty.

Federal or provincial governments may require an environmental or disposal tax (levy) on all or a portion of a warranty repair, in which case this tax (levy) must be paid by you, the owner of the vehicle.

## **WHEN DOES THE WARRANTY BEGIN?**

The warranty begins on the original retail delivery date, or on the date of first use (whichever occurs first).

This is the “original warranty start date”.

## **WHAT IS COVERED?**

### **BASIC COVERAGE**

Under your New Vehicle Limited Warranty, Basic Coverage begins at the original warranty start date and lasts for 36 months or 60,000 kilometres (whichever occurs first). The complete vehicle is covered under this Basic Coverage, except components listed under the following warranties in this Warranty Guide, and those items listed under “What is Not Covered Under this New Vehicle Limited Warranty?” on page 15.

## **HYBRID UNIQUE AND ELECTRIC VEHICLE UNIQUE COMPONENT COVERAGE**

The electrical drivetrain system of your vehicle is covered by the Hybrid and Electric Vehicle Unique Component coverage for eight years or 160,000 kilometres (whichever occurs first) from the original warranty start date. The components in the electrical drivetrain system of your vehicle will vary, depending on whether your vehicle is a hybrid, plug-in hybrid, or all-electric vehicle, but you can rest assured knowing that your vehicle’s electrical drivetrain system is covered by this comprehensive warranty.

Depending on your vehicle, electrical drivetrain system components covered by this warranty may include, and are not limited to: high-voltage battery, high-voltage battery connector, battery energy control module (BECM), on-board charger, inverter system controller (ISC), DC/DC converter, hybrid continuously variable transmission or electric driveline motor and transmission range sensor.

If an electrical drivetrain system component requires replacement under warranty, it may be replaced with a new, factory remanufactured, or factory refurbished component, at

Ford's discretion. Refurbished battery components selected for your vehicle will align with your vehicle's age and mileage, and meet Ford's stringent requirements and standards.

The high voltage battery will experience gradual capacity loss with time and use (similar to all lithium-ion batteries), which is considered normal wear and tear. Loss of battery capacity due to or resulting from gradual capacity loss is NOT covered under the New Vehicle Limited Warranty. See your Owner's Manual for important tips on how to maximize the life and capacity of the high voltage battery.

**NOTE:** Any fully-electric vehicle is not eligible for any emissions warranties described in this booklet.

## **FORD POWER-UP SOFTWARE UPDATES**

During the warranty coverage period, Ford of Canada warrants that you will not be charged for diagnosis, repair, replacement, or adjustment of components that are damaged or inoperable due to a defect caused by a Ford Power-Up software update.

## **FORD ROADSIDE ASSISTANCE**

**1-[800-665-2006](tel:1-800-665-2006)**

Your vehicle is eligible, within Canada or the continental United States, for the Ford Roadside Assistance Program. This Program is separate from the New Vehicle Limited Warranty, but the coverage is concurrent with the 5 years or 100,000 kilometres (whichever occurs first) Powertrain Coverage period.

Towing required because of a warrantable failure beyond the 5 years or 100,000 kilometres (whichever occurs first) Powertrain Coverage is covered under any remaining applicable New Vehicle Limited Warranty coverage.

Please refer to the Ford Roadside Assistance section of this Warranty Guide for complete details (page 24).

## **CORROSION COVERAGE**

Under your New Vehicle Limited Warranty, Corrosion Coverage begins at the original warranty start date and covers body sheet metal panels against corrosion due to a

defect in factory-supplied materials and workmanship. The length of the coverage depends on the type of corrosion damage:

- If corrosion causes perforations (holes) in the body sheet metal panels, the coverage extends for 5 years/unlimited distance.
- If corrosion does not cause perforations (holes), and is not the result of vehicle usage and/or airborne materials, the Corrosion Coverage is 36 months or 60,000 kilometres (whichever occurs first).

If your vehicle is damaged due to airborne materials (environmental fallout) where there is no defect in factory-supplied materials or workmanship and therefore is not applicable to the Ford of Canada warranty, damage caused by airborne material (environmental fallout) may still be reimbursable if reported to the dealership within seven calendar days of the new vehicle delivery date (warranty start date). See “Damage Caused by Use or the Environment.

## **ALUMINUM BODY PANEL**

### **CORROSION COVERAGE**

Your vehicle’s aluminum body sheet metal panels, if any, are covered for an extended Corrosion Coverage Period, which lasts for five years, regardless of distance driven.

If aluminum body panels have corrosion or rust damage, and the damage is not the result of abnormal usage, vehicle accident, customer actions and/or extreme environmental conditions, the corrosion or rust damage repairs are covered for 5 years, regardless of distance driven.

Damage caused by airborne material (environmental fallout), where there is no factory-related defect involved and therefore no warranty, may still be reimbursable if reported to the dealership within seven calendar days of the new vehicle delivery date (warranty start date).

## **POWERTRAIN COVERAGE**

Under the New Vehicle Limited Warranty, the Powertrain Warranty Coverage covers certain components against defects in factory-supplied materials or workmanship for 5 years or 100,000 kilometres (whichever occurs first) from the original warranty start date.

The diesel engine has a unique Powertrain Coverage that extends beyond the 5 years or 100,000 kilometres (whichever occurs first) Powertrain Coverage, see details below. The covered components listed under the Powertrain Warranty are:

In fact, failure to perform maintenance as specified in your Owner's Manual will invalidate warranty coverage on parts affected by improper maintenance.

Please consult your Owner's Manual for correct fluid specifications and levels, and read the Scheduled Maintenance chapter in your Owner's Manual, for instructions on proper maintenance of your vehicle.

## **MAINTENANCE AND WEAR**

The New Vehicle Limited Warranty does not cover parts and labour needed to maintain your vehicle and replacement of parts due to normal wear and tear (except for items listed under Some Maintenance and Wear Items Have Limited Coverage). Ford vehicles are suitable for producing ambulance vehicles only if equipped with the Ford Ambulance Prep Package. In addition, Ford urges ambulance manufacturers to follow the recommendations of the “Ford Incomplete Vehicle Manual” and the “Ford Truck Body Builder’s Layout Book” (and pertinent supplements).

Using a Ford vehicle without the Ford Ambulance Prep Package to produce an ambulance voids the Ford New Vehicle Limited Warranty and may void the Emissions Control Systems Coverage under this warranty. Vehicles used as ambulances without the Ford Ambulance Prep Package could experience elevated underbody temperature, fuel over

pressurization and the risk of fuel expulsion and fires. Whether the vehicle is equipped with the Ford Ambulance Prep Package may be determined by inspecting the information plate on the driver’s rear door pillar. Knowing whether the ambulance manufacturer has followed Ford’s recommendations can be determined by contacting your vehicle’s ambulance manufacturer.

- Tires replaced other than pursuant to the New Vehicle Limited Warranty Tire Warranty are not eligible for the balance of the Tire Warranty, however they may carry their own warranty (see your dealer or the tire manufacturer for more information).

## **WHAT IS NOT COVERED UNDER THE EMISSIONS WARRANTIES?**

Ford will deny you warranty coverage if your vehicle or part has failed because you:

- Abused or neglected it
- Did not maintain it properly
- Added unapproved modifications
- Used improper fuel/fluids
- Experienced any item included in “What is Not Covered Under this New Vehicle Limited Warranty?”

## **NEW VEHICLE WARRANTY LIMITATIONS**

The foregoing coverage described in the New Vehicle Limited Warranty are the only express warranties on the part of Ford of Canada and the selling dealer.

You may have other rights which may vary by province.

None of the following limitations and exclusions shall apply where prohibited or voided by provincial consumer protection legislation, and without limitation, none of the following limitations and exclusions will exclude or restrict the warranty provided for in Section 37 or 38 of the Quebec Consumer Protection Act.

The foregoing express warranties are in substitution for and exclude all other liabilities of any kind whether arising under statute, in tort, by implication of law or otherwise including, to the full extent as may be allowed by law, liability for any other representations respecting the vehicle, statutory warranties or implied warranties or conditions as to its merchantability or fitness.

Any implied warranty or condition as to merchantability or fitness is limited to the applicable warranty duration period as specified herein.

In no event shall Ford of Canada or the selling dealer be liable for the loss of or damage to the vehicle or its parts, loss of use of the vehicle, loss of time, inconvenience, commercial loss, or special consequential or other damages, or on any other claims relating to or arising from any defect in factory materials or workmanship found except as provided for herein.

The above provisions do not preclude the operation of any applicable provincial statute

which in certain circumstances may not allow some of the limitations and exclusions described in these warranty coverages.

In the province of Saskatchewan, the duration of the applicable statutory warranties of that province shall be concurrent with and not consecutive to the duration of the foregoing coverage of this Ford of Canada New Vehicle Limited Warranty.

## **INSPECT YOUR NEW VEHICLE CAREFULLY**

Defects or damage to paint, sheet metal or other appearance items may occur during assembly or when the vehicle is in transit to the dealer. Normally, these defects are noted and corrected at the factory or by your dealer during new vehicle inspection. Paint, sheet metal or appearance defects present at the time your vehicle is delivered to you are covered by this warranty. For your protection, we suggest that if you do find any such defects, you notify your dealer within one week of the vehicle's delivery to you, as normal deterioration due to use and exposure is not covered by this warranty.

### **Defects vs. Damage**

Please note the distinction between “defects” and “damage” as used in the warranty. Defects are covered because we, the manufacturer, are responsible. This includes defects in Ford-supplied parts used in making warranty repairs as well as in the original parts of the vehicle. On the other hand, we have no control over damage caused by such things as modifications, collision, misuse and lack of maintenance. Therefore, damage is not covered under this warranty.

## **TAKE CARE OF YOUR VEHICLE AND IT WILL TAKE CARE OF YOU!**

Proper maintenance protects you from major repair expense resulting from neglect or inadequate maintenance, and it may even help increase the resale value of your vehicle.

Your dealership has factory-trained technicians who can perform the required maintenance using Ford-approved parts.

The dealership looks forward to meeting your every service need to maximize your satisfaction with your vehicle.

It is your responsibility to make sure that all of the scheduled maintenance is performed and that the materials used meet Ford engineering specifications.

Failure to perform scheduled maintenance as specified in the Scheduled Maintenance section in your Owner's Manual will invalidate warranty coverage on parts affected by improper maintenance. Make sure that receipts for completed maintenance work are retained with the vehicle and have the dealer complete the Scheduled Maintenance Validation Record.

## **DOES THE NEW VEHICLE LIMITED WARRANTY APPLY TO YOUR VEHICLE?**

### **Warranty Applies**

The New Vehicle Limited Warranty described in this booklet applies to your vehicle if:

- It was originally sold or leased by a Ford of Canada dealer; and
- Is registered, licensed and operated in Canada or the United States.

### **Warranty Does Not Apply**

The New Vehicle Limited Warranty described in this booklet will be void if the vehicle originally purchased in Canada, at any time:

- Is registered, licensed for use in countries other than Canada or the United States.

## **TAKING YOUR VEHICLE ON A TRIP?**

If you travel with this vehicle outside of Canada or the United States, you may have to pay a servicing Ford dealer in a foreign country for a repair that could be covered under this New Vehicle Limited Warranty. If this occurs, you should present the paid repair order/invoice to a Ford of Canada dealer for refund consideration.

## **FORD OWNER...**

The benefits of the Ford Roadside Assistance Program are transferred (within the Powertrain Coverage period of 5 years or 100,000 kilometres –whichever occurs first), at no charge to you.

## **NEED ASSISTANCE? WE'RE HERE TO HELP YOU...**

Mediation/Arbitration

Program (for Canada only)

If you feel that the efforts by Ford and the dealer to resolve a factory-related vehicle service concern have been unsatisfactory, Ford of Canada participates in an impartial third-party mediation/arbitration program administered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP).

The CAMVAP program is a straightforward and relatively speedy alternative to resolve a disagreement when all other efforts to produce a settlement have failed. This procedure is without cost to you and is designed to eliminate the need for lengthy and expensive legal proceedings.

In the CAMVAP program, impartial thirdparty arbitrators conduct hearings at mutually convenient times and places in an informal environment. These impartial arbitrators

review the positions of the parties, make decisions and, where appropriate, render awards to resolve disputes. CAMVAP decisions are fast, fair and final as the arbitrator's award is binding on both you and Ford of Canada.

The CAMVAP services are available in all Canadian territories and provinces. For more information, charge or obligation, call your CAMVAP provincial administrator directly at 1-[800-207-0685](tel:1-800-207-0685) or visit [www.camvap.ca](http://www.camvap.ca).
