Fosler

Fosler TD-V26 Bluetooth FM Speaker

Product Specifications

- Connection: USB
- Output: Stereo
- Modes: U disk, card, EM
- Features: FM radio, LINE input

Product Usage Instructions

PC/USB Connection

To connect the product to a computer, insert the USB line into the computer. Restart the computer if it was shut down. The connected USB line provided with the player should make the PC visible as a mobile disk in the window. You can then select folders and copy files between the PC and the player.

Headset Usage

Insert the headset to enable stereo output. Use the MODE button to switch between U disk, card, and EM functions. To play music, press the 'I' key for play/stop, 'vol-key' to choose a song, '/VOL+key' to select the next song, long press 'key' for volume reduction, and long press 'lkey' for volume increase.

FM Mode

In FM mode, use the 'I' key to switch to a channel, 'I key' for the next channel, and 'lKey' for automatic search platform.

LINE Input

Long press the key to switch to LINE mode. Insert a standard data line into the USB hole. Insert corresponding media into the player to listen through the headphones.

Frequently Asked Questions (FAQ):

- **Q: How do I switch between different modes on the product?**

A: Use the MODE button to switch between U disk, card, and EM functions.

- **Q: How can I listen to FM radio on the product?**

A: In FM mode, use the '1' key to switch between channels and search for platforms.

PMN: BLUETOOTH FM Speaker

ISED Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

The device has been evaluated to meet general RF exposure requirement.

This equipment should be installed and operated with minimum distance of 0mm between the radiator & your body.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
