Foxelli MX20B LED Headlamp Flashlight

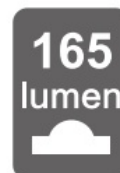

Launch Date: February 24, 2023

Price: \$16.97

Introduction

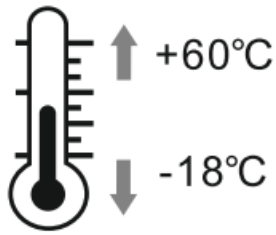

Lightweight, compact, and easy to use, the Foxelli MX20 headlamp offers 165-lumen brightness and a wide beam for proximity lighting and some movement. The compact design makes it easy to throw in a backpack side pocket or your glove compartment. It is ideal for everyday family uses: camping, fishing, crafting, repair work as well as daily household use.

WARNINGS

- A responsible adult must supervise use by children under the age of 6.
- Always inspect your headlamp for proper operation before using it.
- Do not stare directly into the beam or shine it directly into others' eyes. Intense light can damage your eyes or the eyes of those around you.

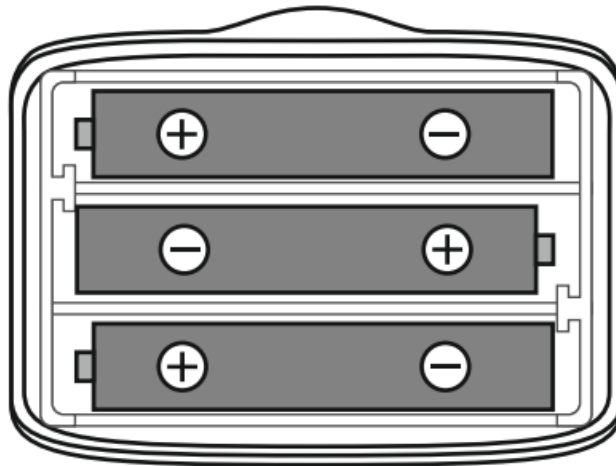

Use temperature

Do not stare into the beam

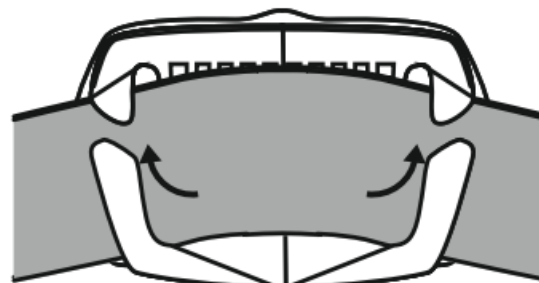

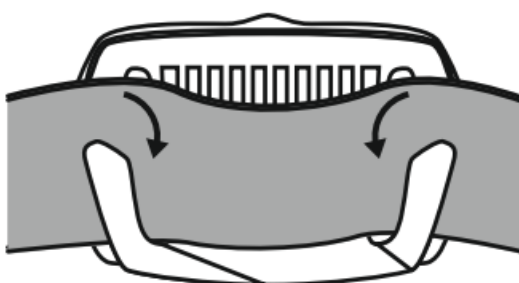

BATTERIES

- Use AAA alkaline, lithium or rechargeable batteries.
- Tilt the headlamp down.
- Open the back cover.
- Insert batteries according to the instructions.
- Close the back cover.
- Avoid a mixture of old and new batteries.
- Remove batteries during storage and transport.

ADJUST THE ELASTIC HEAD STRAP

- Insert the elastic head strap according to the instruction.
- Adjust the length of the elastic head strap to fit the size of your head.
- To loosen or tighten the head strap, slide the plastic adjuster forward or backward.

Foxelli MX20B headlamp can also be attached to webbing on packs, harnesses, and waist belts by following the same procedure.

CONDITIONS OF USE

The headlamp is waterproof and rated to IPX5. It offers protection from a 6.3mm spray of water (12.5 liters per minute) in any direction for at least 3 minutes. This does not include salt spray or high-alkalinity fluids.

- Do not use the headlamp at, or expose it to, temperatures above 140°F (60°C)
- At very cold temperatures, battery power and life will be diminished.
- To avoid scratching the lens, do not place the headlamp lens down on a surface.

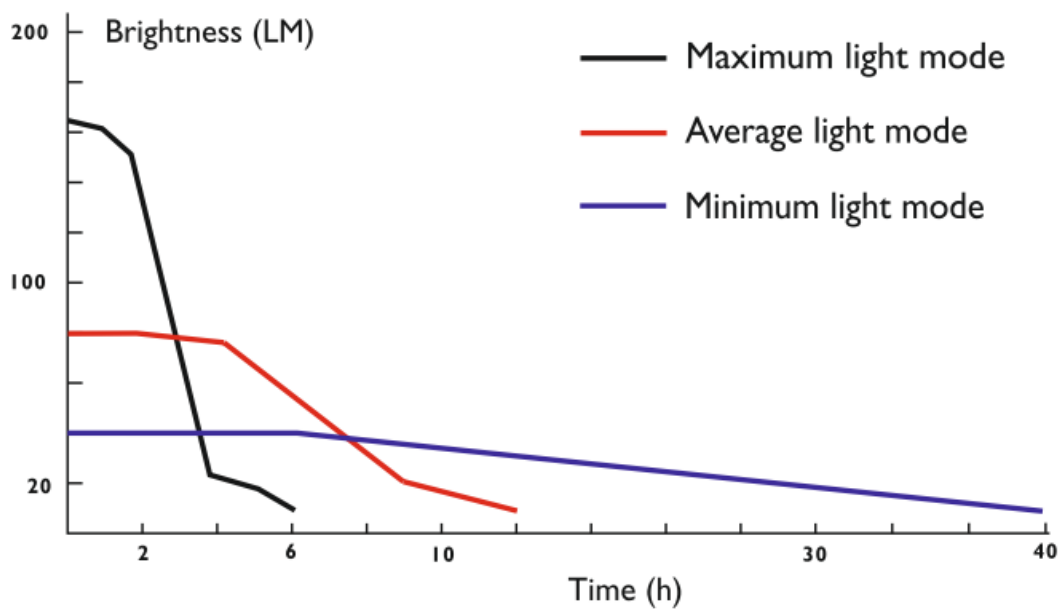

LIGHT MODES & TECHNICAL PARAMETERS

	Distance	Burn time	Lumens
First click Minimum	15m	45h	40lm
Second click Average	35m	12h	80lm
Third click Maximum	50m	5h	165lm

*Fourth click will access strobe mode

RED LIGHT MODE:

- Press and hold the ON/OFF button for 1.5 seconds to activate the red light mode.
- Press again to access SOS light mode.
- Press the third time to access strobe mode.
- Press and hold the ON/OFF button for 1.5 seconds to exit the red light mode.

Specifications

- **Brand:** Foxelli
- **Model:** MX20B
- **Color:** Black
- **Power Source:** Battery Powered (3 AAA batteries included)
- **Light Source Type:** LED
- **Brightness:** 165 Lumens
- **Runtime:** Up to 45 hours
- **Material:** Blend
- **Water Resistance Level:** Water Resistant (IPX5)
- **Product Dimensions:** 2"D x 1.6"W x 1.6"H
- **Item Weight:** 1.5 ounces
- **Voltage:** 4.5 Volts
- **Battery Cell Composition:** Alkaline
- **Included Components:** Batteries
- **Recommended Uses:** Camping, dog walking, night running or jogging, hiking, household chores, crafting, and repairs
- **Manufacturer:** Foxelli
- **Part Number:** MX20B
- **UPC:** 637307960470, 680613378972

Package Includes

- 1 x Foxelli MX20B LED Headlamp Flashlight
- 3 x AAA Energizer batteries
- User Manual

Features

Premium Quality

- Built with durable materials and advanced LED technology for reliable performance.
- Designed to withstand outdoor conditions with an IPX5 water resistance rating.

Affordable to Everyone

- Provides high-quality illumination at a competitive price point.
- Includes Energizer AAA batteries for immediate use.

Super Bright LED Technology

- Illuminates up to 165 feet with a variety of white and red light modes.
- Features a 45° tiltable body for adjustable lighting angles.

Keep Your Path Bright & Your Adventure Safe

- Ideal for outdoor activities like hiking, camping, and running.
- Includes SOS and strobe modes for emergency signaling and visibility.

Night Vision Setting

- Red light mode preserves night vision and reduces attraction to mosquitoes.

Adjustable Beam Angle up to 45 Degrees

- Allows for customizable lighting based on your needs and environment.

Lightweight and Comfortable

- Weighs only 3.2 ounces with batteries, designed for extended wear without discomfort.
- Ergonomically designed elastic headband ensures a secure and comfortable fit.

Super Long Battery Life

- Up to 45 hours of run-time with efficient power usage.
- Tested for quality and reliability to ensure consistent performance.

Trusted by Thousands of Customers

- Foxelli is renowned for quality products tailored to outdoor enthusiasts' needs.
- Dedicated customer support ensures satisfaction and assistance when needed.

Usage

- **Outdoor Activities:** The GETASI TD-04 is ideal for hiking, camping, fishing, and hunting due to its powerful 1200 lumens brightness.
- **Emergency Preparedness:** Keep the GETASI TD-04 handy in your emergency kit for power outages and roadside assistance.
- **Tactical Use:** Its durable construction and bright light make it suitable for tactical operations and law enforcement.
- **Household:** Use the GETASI TD-04 for tasks around the house, such as repairs, electrical work, and maintenance.
- **Security:** Use it as a security light to illuminate dark areas and deter intruders.

Care and Maintenance

- **Battery Care:** Regularly check and replace batteries as needed to maintain optimal performance.
- **Cleaning:** Wipe the flashlight with a soft cloth dampened with water and mild soap to remove dirt and debris.
- **Storage:** Store the GETASI TD-04 in a cool, dry place when not in use to prevent corrosion and damage.
- **Avoid Dropping:** Handle the flashlight carefully to avoid impact damage that could affect its functionality.
- **Water Resistance:** While the GETASI TD-04 is waterproof, ensure seals and openings are clean and dry after exposure to water.
- **Lens Care:** Clean the lens with a lens cleaning cloth to maintain clarity and brightness of the beam.
- **Avoid Extreme Temperatures:** Do not expose the flashlight to extreme temperatures, as this can affect battery life and performance.

Troubleshooting

If the headlamp does not work:

- Check that the batteries are oriented correctly and touching the contacts.
- Replace the batteries.
- Work the switch several times.
- If you can't find a solution to your problem, please contact us.
