Product Usage Instructions

Installation
Ensure the cabinet is placed on a flat, stable surface with proper ventilation. Refer to the product manual for detailed installation guidelines.

Shelf Adjustment
The two stainless steel shelves and base are height-adjustable and tiltable to optimize display capacity.

Lighting System
The LED lighting system provides bright illumination for displayed items. Contact FPG for replacement options after 50,000 hours of use.

Cleaning and Maintenance

Regularly clean the cabinet using mild detergent and a soft cloth. Ensure the power is disconnected before cleaning.

FEATURES

- High energy efficiency: 0.033 kWh per hour (average)
- Cabinet operating at ambient temperature
- Smart display with double-glazed glass finished with a black trim

Fixed Front or Sliding Doors Ambient Display

- Two tiltable, height-adjustable stainless steel shelves and base are full cabinet width to support maximum display capacity
