**FPOO FP-01 Waterproof Mini Window Candle**

**Launch Date:** July 26, 2021

**Price:** \$19.99.

## Introduction

This FPOO FP-01 Waterproof Mini Window Candle is a great way to light up any room, indoors or out. It is both safe and stylish. This taper-shaped LED candle is made to look like a real candle, with a dancing glow. It gives off a warm white light that makes the room feel cozy without the dangers of an open flame. Being only 0.7 inches across and 4 inches tall, it's a small enough size to fit on windowsills, tables, or as a decoration piece. Because it's waterproof, it can stand up to the weather, which makes it great for outdoor parties and holiday decorations. Because it runs on batteries, this candle is portable and easy to use, and you don't need an electricity outlet for it. It is cheap and easy to use, and the battery lasts for more than 180 hours. The included remote control makes it more useful by letting you change the brightness and flickering styles from up to 5 meters away. The FPOO FP-01 is a stylish and useful choice that adds charm to any space, whether it's for holiday parties or everyday use.

## Features

### Waterproof Design

- **Ideal for Outdoor Use:** The FPOO FP-01 is constructed to resist rain and snow, making it perfect for outdoor settings. Its IP65 waterproof rating ensures that it can withstand the elements, allowing you to decorate your garden, patio, or porch without worrying about weather-related damage.

### Realistic Flickering Flame

- **Candle-Like Appearance:** This candle is designed to mimic the flickering of a real flame, providing a cozy and inviting atmosphere. The flame-shaped bulb features a faceted design that creates a glistening light effect, enhancing the overall ambiance without the hazards associated with open flames. This makes it a safe option for children and pets.

### Battery Operated

- **Flexibility in Placement:** As the FPOO FP-01 is battery-operated, it eliminates the need for electric outlets, allowing for versatile placement in any location. You can easily position it in areas where traditional candles cannot be used due to a lack of power sources.

### Long Battery Life

- **Extended Usage Time:** Each candle operates on 1 AA battery (not included), which can provide up to 180 hours of illumination. The efficient power consumption means you won't frequently have to replace batteries, making it a convenient option for both short-term and long-term use.

### Versatile Decor

- **Multiple Applications:** The FPOO FP-01 is suitable for various settings, including windows, tables, patios, and festive displays. Its elegant design makes it an excellent choice for holiday decorations, weddings, parties, or everyday home decor.

### Realistic and Safe

- **Teardrop Exterior Design:** The candle's teardrop shape and flame-like bulb are crafted to closely resemble a traditional candle. Its flameless feature ensures safety, allowing for worry-free use in households with children or pets.

### Remote and Timer Functionality

- **Convenient Control:** The FPOO FP-01 comes with a handy remote control that allows you to easily turn the candles on or off. It also includes a timer feature that can be set to illuminate for 6 hours and turn off for 18 hours each day. Additionally, there are 5 dimmable brightness levels and 2 lighting modes (steady or flickering), allowing you to customize the lighting to suit any occasion.

## Perfect for Decorations

- **Easy Installation:** The candle lights come with clips that can be tightly clamped to Christmas tree branches, wreaths, or other decorations, ensuring they won't overpower the existing decor. They are also designed to float when used with waterproof rings, making them ideal for outdoor garden parties or festive events.

## Longevity and Battery Care

- **Battery Efficiency:** To maximize battery life, the candle lights are designed to be energy efficient. If not in use for an extended period, it is recommended to remove the batteries to prevent leakage and prolong the lifespan of the product.

## Included Accessories

- **Clips:** The included clips make it easy to attach the candles to various decorative elements, including Christmas trees, potted plants, or iron frame decorations.
- **Waterproof Rings:** These rings protect the candles when used outdoors, ensuring that they remain functional despite exposure to rain or moisture.

## Usage

- **Indoor Use:** Place on windowsills, mantels, or dining tables to create a warm and inviting atmosphere.
- **Outdoor Use:** Ideal for patios, gardens, and outdoor events, as it can withstand various weather conditions.
- **Events and Celebrations:** Use as part of decorations for holidays, weddings, or parties to enhance ambiance.
- **Safety Alternative:** A great option for homes with children or pets, eliminating the risk of fire hazards.

Care and Maintenance

- **Regular Cleaning:** Wipe the exterior with a soft, damp cloth to remove dust and debris.
- **Battery Replacement:** Replace batteries as needed to ensure optimal performance.
- **Store Properly:** During extreme weather conditions or when not in use for long periods, store indoors to prolong lifespan.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or solvents that may damage the candle’s surface.

Troubleshooting

| Issue                                 | Solution  |
|---------------------------------------|---|
| Candle does not light                 | Check battery installation and replace batteries if needed.                     |
| Flickering or dim light               | Replace batteries to restore optimal performance.                               |
| Candle is waterlogged                 | Ensure the waterproof ring is properly sealed; check for damage.                |
| Remote control not functioning        | Check battery installation in the remote; replace if needed.                    |
| Candle stays on continuously          | Ensure the timer function is set correctly; turn off manually if needed.        |
| Excessive heat from candle            | Turn off immediately; check for any obstructions or faulty batteries.           |
| Remote distance is short              | Ensure there are no obstructions between the remote and the candle.             |
| Flickering mode does not activate     | Check remote settings; ensure the correct mode is selected.                     |
| Candle appears to be stuck on flicker | Try turning the candle off and back on to reset the mode.                       |
| Candle does not respond to remote     | Re-pair the remote with the candle by following the instructions in the manual. |
