ASSEMBLY INSTRUCTIONS

GENERAL NOTE

1. Find a clean, level place to begin the assembly of your Flexpro™ Net. We recommend that two adults work together to assemble this Flexpro™ Net.
2. Remove all components from the package and confirm all the parts are included. Please see Step 1 to begin assembly.

- **NOTE:** Slide each black Flexpro™ sleeve on either side of the Net (#6) over each Lower Fiberglass Pole (#5). Insert each Lower Fiberglass Pole (#5) into the opening of each Base Leg (#1).

- **NOTE:** Scrunch up each Flexpro™ sleeve to the top half of each Lower Fiberglass Pole (#5). Insert each Upper Fiberglass Pole (#4) through each sleeve and into the silver opening of each Lower Fiberglass Pole (#5).

- **NOTE:** To secure the top of the net, evenly slide up each Flexpro™ sleeve over the Fiberglass Poles and attach the loops on the top corners of the Net (#6) to each Upper Fiberglass Pole as shown. Secure the bottom of the Net (#6) by attaching the loops on the bottom corners to the external hooks on each Base Leg as shown.

- **NOTE:** Attach the net to the base poles using the fastener in the middle. Then, take the (2) extra Straps (#9) and secure one on each side of the base poles to secure the net further. Secure the net further by using the Ground Stakes (#7) as shown.

CONTACT

- Made In China
