FREAKS GEEKS Stereo Gaming Headset with Static RGB Backlight

Product Information

The stereo gaming headset is a high-quality headset designed for gaming enthusiasts. It features a static RGB backlight that adds a stylish touch to your gaming setup. The headset is equipped with a 3.5mm jack port for sound connectivity and a USB port for the backlight. It also has an easy-to-use volume control located on the ear.

Product Usage Instructions

1. Connect the 3.5mm jack port to another device for audio.
2. Connect the USB port to another device for the backlight.
3. Use the on-ear volume control to adjust the sound level.

Please refer to the specific language sections in the user manual for more detailed instructions.

warning

Please read and comply with the health and safety information. Failure to observe the precautions indicated may result in injury or property damage. Use of this product by children should be under adult supervision.

- To avoid hearing loss, do not use the headphones at a high volume for too long and set the volume to a safe level. The higher the volume, the shorter the safe listening time.
- Listen at reasonable volumes for reasonable lengths of time.
- Be careful not to increase the volume as your hearing becomes accustomed to it.
- Do not set the volume so high that it completely masks surrounding sounds.
- Do not use the product in an environment that requires special concentration.
- Excessive sound pressure from earphones and headphones can cause hearing loss.
- For your safety, avoid the distractions of music and telephone calls when on public roads or in other potentially hazardous locations.
- The driver of a road vehicle or bicycle may not wear a walkman or headphones (Article 440 of the Highway Code / in France).
- Keep the product, accessories and packing materials out of the reach of children and pets to avoid accidents and choking hazards.
- Do not touch this product while it is charging during a thunderstorm.
- If you hear a strange noise, see smoke or smell a strange odour, stop using this product.
- Do not attempt to disassemble or repair this product.
- Do not touch damaged parts. Avoid contact with any liquid leaking from the product.
- Keep packaging materials out of the reach of small children as they could be ingested. The charging cable could get wrapped around their necks.
- Keep the product dry and do not expose it to extremely low or high temperatures to avoid corrosion or deformation.
- Do not expose this product to microwaves or direct sunlight.
- Never short-circuit the product's contacts. Make sure that no metal objects (paper clips, hairpins, earrings etc.) come into contact with the ports or contacts.
- Do not drop the headset.
- Do not allow this product to come into contact with liquids or handle it with wet or greasy hands. If liquid enters

this product, discontinue use.

- Do not subject this product to excessive force. Do not pull on the USB charging cable or bend it sharply.
 - If cleaning is necessary, use a soft, dry cloth. Do not use cleaning agents containing alcohol, ammonia, benzene or abrasive substances.
 - Failure to do so may result in fire, electric shock or damage to the unit. In addition, this will void the warranty.
- This applies to all the elements contained in the packaging (headphones, cables ...). Freaks and Geeks cannot be held responsible for any misuse of the product.
