FREAKS SP4227B Wireless Basics Controller

SP4227B

SUPPORT ET INFOS TECHNIQUES WWW.FREAKSANDGEEKS.FR

Android / IOS

Press the "SHARE + HOME" buttons for 3 seconds, then "Wireless Controller" is displayed in the list of Bluetooth devices.

PS3 et PC

Connect the controller using the USB charging cable .

PS4 First connection

Connect the console to the controller using the USB charging cable. Once the Home light glows blue, press it to access the login page and select your user account. You can now remove the USB cable.

Reconnection

The USB cable is not required for the next wireless connection. If the console is on, press Home button on the controller: the controller works.

Charging

Plug in the USB cable, the Home button will light up red while the controller is charging, then turn off when the controller is charged.
