**FreeStyle Libre Standard Written Order for Continuous Glucose Monitoring and Supplies**

## Product Information

### Specifications

- Product Name: FreeStyle Libre CGM System
- Model: FreeStyle Libre 2
- Model: FreeStyle Libre 3
- Duration of need: Lifetime (99) – unless specified otherwise

### Product Usage Instructions

#### Step 1: Completing the Standard Written Order

Complete all fields on the Standard Written Order form, including patient information, insurance details, and diagnosis.

#### Step 2: Confirming Coverage Criteria and Medical Necessity

Ensure that the coverage criteria and medical necessity documentation requirements are met. These requirements are essential for insurance coverage.

#### Step 3: Sending the Order and Medical Records

Send the completed order form along with the patient's most recent medical records that demonstrate the fulfillment of coverage criteria to a DME supplier that provides the FreeStyle Libre CGM systems.

#### Step 4: Selecting the Reason for Prescribing CGM

Select the appropriate documented reasons for prescribing CGM to improve the beneficiary's glycemic control. These reasons include:

- Insulin-treated with 1, 2, or 3+ insulin administrations per day, or insulin pump
- History of problematic hypoglycemia

#### Step 5: Choosing the Product

Select the desired FreeStyle Libre reader and sensor based on the patient's needs:

- FreeStyle Libre 2 reader with FreeStyle Libre 2 sensor

- FreeStyle Libre 3 reader with FreeStyle Libre 3 sensor

Ensure that the “DISPENSE AS WRITTEN” option is selected if the beneficiary (or beneficiary’s caregiver) has sufficient training on the proper use of the products prescribed.

#### Step 6: Physician Attestation and Signature

The physician identified in the Physician Information section must sign and date the order form, certifying that the medical necessity information provided is true, accurate, and complete.

### FAQ

#### What is E-Prescribing?

E-Prescribing refers to a prescriber’s ability to electronically send an accurate, error-free, and understandable prescription directly to a pharmacy or DME supplier from the point-of-care. It improves the quality of patient care.

#### How can I order the FreeStyle Libre systems through E-Prescribing?

The FreeStyle Libre systems can be ordered through DME suppliers using various E-Prescribing platforms. Some examples include:

- [Insert E-Prescribing Platform 1]
- [Insert E-Prescribing Platform 2]
- [Insert E-Prescribing Platform 3]

Standard Written Order for Continuous Glucose Monitoring and Supplies

Address:		City:	State: ZIP:
Office Contact:		Notes:	

Medicare coverage is available for the FreeStyle Libre systems if their respective readers are used to review glucose data on some days every month. Medicare and other third party payor criteria apply. Abbott provides this information as a courtesy, it is subject to change and interpretation. The customer is ultimately responsible for determining the appropriate codes, coverage, and payment policies for individual patients. Abbott does not guarantee third party coverage or payment for our products or reimburse customers for claims that are denied by third party payors.

Check ICD-10 code list in the LCD-related Policy Article for applicable diagnoses. †See the Policy Specific Documentation Requirements section of the LCD-related Policy Article.

#### **Important Safety Information**

Failure to use FreeStyle Libre 2 or FreeStyle Libre 3 systems as instructed in labeling may result in missing a severe low or high glucose event and/or making a treatment decision, resulting in injury. If glucose alarms and readings do not match symptoms or expectations, use a fingerstick value from a blood glucose meter for treatment decisions. Seek medical attention when appropriate or contact Abbott at 855-632-8658 or

<https://www.FreeStyle.abbott/us-en/safety-information.html> for safety info.
