## FULLLIGHT TECH XKZBT01 Bluetooth Beanie Hat

### Bluetooth Beanie Hat

- The Bluetooth Beanie Hat is a product that allows you to listen to music and answer phone calls while keeping your head warm. The beanie has two adjustable and removable speakers that can be adjusted according to your head size. The beanie is also washable, but it is important to pull out the module and speakers before washing.
- To use the Bluetooth Beanie Hat, charge it for 2.5 hours using the USB cable before using it for the first time. To turn on the headphone, press and hold the middle button until the indicator lights up. The indicator will flash red and blue alternatively to start pairing. Turn on the Bluetooth on your cell phone and connect to the device named BT-01. Please note that it can only connect to one device at a time, so make sure to disconnect the previous device before connecting to a new one.
- To adjust the volume, press and hold the – and + button to volume down and volume up, respectively. To play previous or next songs, press quickly the – and + button. To accept or decline calls, press quickly the middle button to accept or press and hold for 3 seconds to decline. When on the line, press and hold the middle button for 3 seconds to switch to a mobile device, and press and hold again for 3 seconds to turn back to headphones.
- The Bluetooth Beanie Hat has a frequency range of 2.402GHz-2.480GHz and a transmission distance of 36 feet (11M). It has a Li-ion Battery of 3.7V/ 250mA that can be charged in 2-2.5 hours. The beanie has a standby time of 2000 hours or so and a continuous working time of about 19-23 hours.
- The package includes 1 Bluetooth Beanie Hat, 1 charging cable, and 1 user manual. Please note that FCC Caution applies, and the device complies with part 15 of the FCC Rules.
