## FULLOSUN 3D Lion Illusion Lamp

## INTRODUCTION

With the FULLOSUN 3D Illusion Panda Lamp, a delightful night light made exclusively for children and panda enthusiasts alike, you can turn nighttime into a warm and enchanting experience. This matte-finish lamp, which was first offered on the market by the reputable FULLOSUN brand, has an acrylic plate that has been laser-engraved to create the amazing 3D illusion of a panda. With its 16 color-changing LEDs and remote, touch, and tap controls, it's ideal for entertaining or creating a calm atmosphere. It has four flash settings, dimming options, and a timer feature that runs from 15 minutes to 12 hours. It is reasonably priced at **\$15.99**. It is a useful and energy-efficient addition to any child's room because of its 500mAh rechargeable battery, which can last up to 30 hours on a full charge. This adorable and useful panda light is perfect for holidays, birthdays, or as a soothing nighttime companion.

## FEATURES

- **3D Illusion Design:** When illuminated, a laser-engraved optical acrylic flat board with a 3D illusion design produces a vibrant 3D lion figure.
- **16 Color Changing Options:** Allows you to alter the lighting atmosphere with 16 distinct hues.

# FULLSUN

## 16 Colors & 4 Flash modes

- **Remote Control:** Power, color, brightness, and lighting modes may all be easily controlled with the remote control.

- **Dimmable Light:** The brightness can be changed to accommodate various settings and tastes.
- **Flashing Modes:** For dynamic lighting effects, there are four flashing modes: Flash, Strobe, Fade, and Smooth.
- **Dual Power Supply:** Three AAA batteries or a USB connection can power it (USB is advised for continuous use).
- **Large Size Design:** The visual impact is increased by the large acrylic plate and base, which are larger than 90% of comparable 3D lamps.
- **High-Quality Circuit Board:** A high-quality circuit board guarantees longevity and steady functioning.
- **Soft, Uniform LED Lighting:** Children's eyes may safely and comfortably see LED lights that are neither dazzling or flickering.

- **Lightweight and Portable:** At only 280 grams (9.9 ounces), it is lightweight and portable, making it simple to transfer and set up anywhere.
- **Multicolour Acrylic Shade:** Offers a vibrant and eye-catching light that is appropriate for children's rooms and décor.
- **Perfect Present:** Perfect for children's and families' birthdays, Christmas, Halloween, and other festivities.

Gift & Toy for Kids  
Birthday Gift Choice

Xmas Gift for Kids  
Gift for Grandkids

- **Compact Dimensions:** This item fits nicely on shelves, desktops, or bedside tables, measuring approximately 5.39 x 5.39 x 7.95 inches.
- **Energy-efficient LED:** Offers brilliant illumination with minimal power use.
- **Complete Package:** The entire package includes a remote control, acrylic sheet, LED base, USB cable, user instructions, and customer service.

## SETUP GUIDE

- **Unpack the Lamp:** Carefully take the remote control, USB cable, acrylic panel, LED base, and instruction booklet out of the box.
- **Insert Acrylic Panel:** Slide the acrylic sheet with the laser-engraved lion into the LED base's slot.
- **Select the Power Source:** Choose between three AAA batteries (batteries not supplied) or USB power.
- **Connect USB Cord:** Attach the USB cord to a computer or USB power adaptor, then plug it into the lamp base.
- **Put Batteries In:** If using battery power, open the battery compartment and put three AAA batteries in.
- **Turn the Lamp On:** To turn on the lamp, touch the base or use the remote control.
- **Choose Colors:** Use the remote control or tap the base to switch between the 16 colors.
- **Adjust Brightness:** To make the LED light brighter or dimmer, use the remote control.
- **Choose a Flashing Mode:** For color transitions, choose between the Flash, Strobe, Fade, or Smooth modes.
- **Place on Stable Surface:** Set the light down on a desk or bedside table that is level and stable.
- **Avoid Direct Sunlight:** To avoid damage or discolouration, keep the lamp out of direct sunlight.
- **Keep the Remote Within Range:** For optimal signal reception, make sure the remote is a few meters away.
- **Use Indoors Only:** The lamp should only be used indoors; keep it out of the damp.
- **Battery Replacement or Charging as Necessary:** To preserve performance, keep an eye on power levels and replace or recharge batteries.

## CARE & MAINTENANCE

- **Dust Frequently:** To get rid of dust, carefully clean the acrylic panel and base with a gentle, dry cloth.
- **Steer Clear of Abrasive Materials:** Avoid using abrasive or harsh cleaning agents as they may cause scratches or other damage to the acrylic.

- **Clean with Mild Soap:** If required, use a moist cloth and mild soap to clean, then dry right away.
- **Keep Dry:** To safeguard electronic components, keep them away from liquids and water.
- **Store in a Cool, Dry Place:** Keep the light away from moisture and heat while not in use.
- **Remove Batteries if Not in Use:** To avoid leaks, remove the batteries from the lamp if it won't be used for a long time.
- **Recharge the USB Battery Correctly:** Detach it when it has reached full charge to prevent overcharging.
- **Handle Acrylic Carefully:** To avoid cracks or breakage, don't drop it or put too much pressure on it.
- **Examine the USB Cable Frequently:** Examine for damage or wear, and replace as needed.
- **Prevent Overheating:** Avoid leaving the lamp on for extended periods of time without taking any breaks.
- **Steer Clear of Heat Sources:** To avoid warping, keep away from heaters and direct heat.
- **Replace Remote Control Batteries:** When necessary, replace the remote control's batteries to guarantee seamless operation.
- **Clean Remote Control:** To maintain button responsiveness, wipe the remote with a dry cloth.
- **Verify Connections in the Event of Flickering:** Make sure the power connections are tight and the acrylic panel is seated correctly.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Lamp not turning on	Dead batteries or unplugged USB	Insert fresh AAA batteries or connect via USB
Remote not working	Battery missing or signal blocked	Add CR2025 battery, ensure direct line of sight to the base

Issue	Possible Cause	Solution
Lights stuck on one color	Mode error or remote delay	Power cycle the lamp and try again
Dim or fading light	Low power or dim setting	Increase brightness or recharge/replace batteries
Flickering light	Loose power source	Secure USB cable or reseal the batteries
Touch control unresponsive	Dirty surface or electrical fault	Clean sensor area and tap gently; reset if needed
USB power not working	Faulty cable or port	Use a different USB cable or power adapter
Timer not functioning	Incorrect setup	Reprogram the timer using the remote control
LED colors not cycling properly	Mode setting issue	Use remote to reset flash/fade mode
Panel not displaying image well	Panel inserted backwards or dirty	Flip or clean the acrylic plate carefully

## PROS & CONS

### PROS

- Mesmerizing 3D lion effect with vibrant multicolor LED.
- Comes with remote for easy color and mode control.
- Soft, flicker-free light safe for children's eyes.
- Dual power options: USB or AAA batteries.
- Ideal gift for birthdays, holidays, or room decor.

### CONS

- Not water-resistant—strictly for indoor use.
- Remote requires separate battery (not included).
- Acrylic panel prone to scratches if mishandled.
- Brightness may vary on low battery.
- Only one lighting element limits brightness intensity.

## **FREQUENTLY ASKED QUESTIONS**

How many colors can the FULLOSUN 3D Lion Illusion Lamp display?

This model supports 16 different colors with dimmable settings, allowing you to customize the lighting to match any mood or room decor.

What flashing modes are available in the FULLOSUN 3D Lion Illusion Lamp?

The lamp features 4 lighting modes: Flash, Strobe, Fade, and Smooth, adding dynamic visual variety to your space.

How can you control the FULLOSUN 3D Lion Illusion Lamp?

The lamp is operable via the included remote control or by touch controls directly on the lamp base for convenience.

What are the power supply options for the FULLOSUN 3D Lion Illusion Lamp?

You can power the lamp using 3 AAA batteries or via USB connection (recommended for longer usage and stability).

Whats included in the FULLOSUN 3D Lion Illusion Lamp box?

You receive 1 LED base, 1 lion-shaped acrylic sheet, 1 USB cable, 1 remote control, 1 user manual, and friendly customer support.

Why is my FULLOSUN 3D Lion Illusion Lamp not lighting up?

Ensure the USB cable is properly connected or fresh AAA batteries are installed.  
Also, confirm the acrylic sheet is correctly inserted into the base.

What should I do if the FULLOSUN Lion Lamp remote isnt working?

Check and replace the battery in the remote, ensure nothing is blocking the signal,  
and aim it directly at the lamp base.
