FULLOSUN 3D-Optical Soccer Illusion Lamp

INTRODUCTION

This dynamic night light, the FULLOSUN 3D-Optical Soccer Illusion Lamp, is made to enthrall young sports lovers and give any room a fun glow. This LED lamp, which costs **\$16.99** and was just released, uses LED illumination and a flat glass surface to create a realistic 3D soccer ball illusion. Crafted with care using high-quality materials like acrylic and durable LEDs, the lamp is safe and energy-efficient, with a lifespan of 10,000 hours and a consumption of only 0.012 kWh per 24 hours. The device has a remote control that makes it simple to choose between four dynamic lighting styles, sixteen vivid colors, and several brightness settings. It is intended for versatile use in living rooms, bedrooms, or as themed décor and may be powered by either USB or three AAA batteries. It's a considerate present for Valentine's Day, Christmas, or birthdays, especially for young soccer fans.

SPECIFICATIONS

Product Name	FULLOSUN 3D-Optical Soccer Illusion Lamp
--------------	--

Price	\$16.99
Base Material	Acrylic
Product Dimensions	6" D x 8" W x 1.5" H

Application Scenarios	Suitable for kids and adults; use in bedroom, living room, hallway, or themed shops
Timer/Remote Features	Remote includes ON/OFF, dimmer, 16 color selection, 4 color-changing modes

Remote Battery Safety	Complies with MSDS and UN 38.3 regulations
Included in Package	1 x LED base, 1 x acrylic soccer sheet, 1 x USB cable, 1 x remote, 1 x user manual

FEATURES

- **Vivid 3D Optical Illusion:** This technique uses a flat acrylic panel that has been laser-engraved to produce a realistic 3D soccer ball appearance.
- **16 Color Options:** Red, green, blue, yellow, cyan, pink, and white are among the 16 vivid hues available.

- **Touch Control & Remote:** Easily operate the lamp using the touch button on the base or the remote.

- **Dimmable Brightness:** This feature allows you to change the brightness for eye protection and comfortable illumination.
- **Dual Power Supply:** For versatile use, it can be powered by a USB cable or three AAA batteries (not included).
- **Energy-efficient:** Uses just 0.012 kWh in a 24-hour period, or around 4.4 kWh a year.
- **Long LED Lifespan:** Premium LEDs have a 10,000-hour lifespan rating.
- **Nine LEDs:** Used to create soft, uniform lighting that is safe for kids' eyes and doesn't flicker or shine.
- **Four Color-Changing Settings:** Included for creative lighting effects.
- **Small Size:** Measuring 6" in diameter by 8" in width and 1.5" in height, it weighs only 280 grams.
- **USB Cable Length:** A 59-inch USB cable is included for easy positioning close to power outlets.
- **Safe Remote Battery:** The remote battery conforms with UN 38.3 and MSDS safety standards.

- **Broad Use:** Fits well in living areas, bedrooms, corridors, themed stores, and with children and adults.
- **Complete Package:** Comes with a remote control, acrylic sheet, LED base, USB cable, and user manual.
- **Eye-Caring Design:** Perfect for children's nightlight, this soft LED light is safe for the eyes.

SETUP GUIDE

- **Carefully unpack:** Take out the remote control, USB cord, acrylic panel, LED base, and instruction booklet from the box.
- **Remove Protective Film:** Before using the acrylic sheet, remove any protective film by peeling it off.
- **Insert Acrylic Panel:** Firmly slide the acrylic soccer ball panel into the LED base's hole.

- **Option 1: USB Power:** Attach the USB cable to the base and plug it into a USB power source, either a computer or wall adapter.
- **Power Option 2: Batteries:** If cordless operation is desired, open the battery compartment and place three AAA batteries inside.
- **Turn on the Lamp:** To turn on the lamp, press the touch button on the base or press the remote control.
- **Choose Color:** To pick your favorite light, use the remote control or touch button to cycle through 16 different colors.
- **Choose Color Mode:** For dynamic effects, use the remote to select one of the four color-changing modes.
- **Adjust Brightness:** To change the brightness, use the remote's dimmer feature.
- **Place on Stable Surface:** Set the light down on a desk or bedside table that is level and stable.
- **Avoid Direct Sunlight:** To preserve the acrylic's clarity and color vibrancy, keep the lamp out of direct sunlight.
- **Keep Dry:** Use inside and stay away from damp areas and moisture.
- **Handle USB Cable:** To avoid damage or tangling, keep the USB cable neatly organized.
- **Safe Storage of the Remote Control:** To prevent loss, keep the remote control in a convenient location.

CARE & MAINTENANCE

- **Clean the Acrylic Panel Gently:** To remove dust and fingerprints without causing scratches, use a gentle microfiber cloth.
- **Steer Clear of Harsh Cleaners:** Avoid using chemical or abrasive cleaners on the acrylic or LED base.
- **Remove Batteries When Not in Use:** If the lamp will be left unattended for extended periods of time, remove the batteries to avoid battery deterioration.
- **Examine the Battery Compartment:** Frequently check for indications of corrosion or leaks.
- **Maintain a Clean USB Port:** For a dependable connection, make sure the USB port is clear of dust and debris.
- **Handle Acrylic Carefully:** To avoid cracks or breakage, do not bend or drop the

acrylic panel.

- **Store in Dry Place:** To extend the lamp’s lifespan, store it in a dry location when not in use.
- **Avoid Water Exposure:** Even when using the light indoors, keep it away from water and humid areas.
- **Examine USB Cable:** Check the condition of the USB cable and replace it if there are indications of wear or damage.
- **Use the Correct Power Source:** To prevent harm, only use USB power sources with a 5V output.
- **Turn Off When Not Needed:** Turn off the LED lamp when it’s not in use to prolong its longevity.
- **Avoid Putting Too Much Pressure on Controls:** To keep the remote and touch sensor sensitive, apply little pressure.
- **Avoid Extreme Temperatures:** Keep the lamp out of cold temperatures and heat sources.
- **Replace Remote Control Batteries:** When necessary, change the batteries to ensure continuous operation.

TROUBLESHOOTING

Issue	Possible Cause	Suggested Solution
Lamp doesn’t turn on	Loose or disconnected power supply	Reconnect USB or check batteries
Remote not working	Dead battery or obstruction	Replace battery; ensure clear line of sight
No color change	Faulty remote or touch button	Reset lamp and test both control methods
Lamp flickers	Unstable power or loose connection	Check cable and use stable power source

Issue	Possible Cause	Suggested Solution
Dull lighting	Dirty acrylic or LED issue	Clean panel; inspect LED functionality
Touch button unresponsive	Dust or minor malfunction	Gently clean and retry after restart
Uneven brightness	Acrylic plate not seated properly	Remove and reinsert the panel correctly
Drains battery quickly	Batteries of low quality or expired	Use fresh, high-quality AAA batteries
Color modes not cycling	Remote in wrong mode	Press mode buttons to re-engage cycles
Sudden shutoff	Power cut or battery depletion	Check power source or replace batteries

PROS & CONS

Pros

- Eye-safe LED light with no flicker or glare
- Remote and touch controls with 16 color options
- Dual power source: USB or 3 AAA batteries
- Lightweight and compact for versatile placement
- Energy-efficient and long LED lifespan

Cons

- Batteries not included
- Acrylic panel may scratch easily
- Light intensity not suitable for reading
- Remote requires direct line of sight
- Timer function not available

WARRANTY

The FULLOSUN 3D Soccer Illusion Lamp includes a **one-year limited warranty** covering manufacturing defects and internal electrical failures under normal usage. The warranty assures customers of responsive support and potential replacement or repair services if issues arise within the coverage period.

FREQUENTLY ASKED QUESTIONS

What kind of visual effect does the FULLOSUN Soccer 3D Optical Illusion Lamp offer?

The FULLOSUN Soccer 3D Optical Illusion Lamp creates a realistic 3D visual effect using an engraved acrylic plate, perfect for delighting kids and sports fans.

How many colors does the FULLOSUN 3D Soccer Night Light support?

This FULLOSUN lamp features 16 color options including red, green, blue, yellow, cyan, pink, and white, controllable via the remote or touch button.

What power sources are compatible with the FULLOSUN Soccer 3D Optical Illusion Lamp?

The lamp can be powered by USB cable (included) or 3 AAA batteries, giving you flexibility for any location setup.

What accessories are included with the FULLOSUN Soccer Night Light?

The box contains 1 LED base, 1 soccer ball acrylic sheet, 1 USB cable, 1 remote control, 1 user manual, and customer support access.

Why is the remote control for my FULLOSUN Soccer Illusion Lamp not working?

Ensure the remotes battery is intact and the lamp is powered on. Point the remote directly at the lamp and remove any obstructions in between.

What should I do if my FULLOSUN Soccer 3D Light is flickering?

Flickering may be due to loose USB connections, low battery power, or an unstable power source. Try a different USB adapter or replace the batteries.

My FULLOSUN Soccer Night Light is stuck on one color how do I fix it?

Use the remote or touch button to cycle through colors. If it remains unresponsive, reset the lamp by disconnecting the power for a few seconds.
